Gather information and collect your thoughts. Being fully prepared to take on new projects will motivate you to learn quickly and apply what you discover to your everyday routine. Expand your outlook and strive for personal and spiritual growth. A change of attitude will propagate new friendships and beginnings.

GEMINI (May 21-June 20) -- Embrace change and make it happen. If you stay in control of what transpires today, you will find the success you are hoping to achieve. Don't settle for less than what you want.

CANCER (June 21-July 22) -- Put more energy into your personal life and appearance and how you treat others. Be imaginative in your approach to finding solutions, and don't scoff at suggestions made by others.

LEO (July 23-Aug. 22) -- Keep your life simple and your dealings with both peers and family toned down. It will be easy for bad situations to escalate if you aren't mindful of the way others feel.

VIRGO (Aug. 23-Sept. 22) -- Get involved in community events, networking functions and expeditions that spark your interest. Gathering facts and knowledge will help you excel and gain popularity. Romance is encouraged.

LIBRA (Sept. 23-Oct. 23) -- A disgruntled attitude will not help you get ahead. Think positive thoughts and spin any negative encounter you face into something worthwhile. How you handle others will determine your success.

SCORPIO (Oct. 24-Nov. 22) -- Personal improvements will lead to greater happiness and good relations with the people you care about most. Learn from experience and don't make the same mistake twice.

SAGITTARIUS (Nov. 23-Dec. 21) -- Don't let anyone fully capable of handling matters him- or herself lean on you. If you waste time helping someone else get ahead, you will miss out on an opportunity.

CAPRICORN (Dec. 22-Jan. 19) -- Make a statement. Dress to impress and be ready to make a commitment that will change your life, status and future. An unexpected opportunity looks promising.

AQUARIUS (Jan. 20-Feb. 19) -- Pour your energy into making home improvements, hosting an event or embarking on a personal change that will encourage you to save more and spend less. Don't follow the crowd.

PISCES (Feb. 20-March 20) -- What you do to help a cause will be appreciated and will lead to unexpected opportunities. Make plans to spend time with the people you care about most. Romance is in the stars.

ARIES (March 21-April 19) -- Take better care of your health. Avoid situations that involve being subjected to physical challenges or contagious individuals. Share your feelings and be honest regarding your intentions and motives.

TAURUS (April 20-May 20) -- Your desire to get things done will cause you to act prematurely. Find out what's involved before you commit to something precarious. Focus on personal improvements instead of trying to change others.

Traveling, learning and spending more time with friends, peers and relatives will enrich your life and give you greater insight into the best way to move forward and make improvements. Get going instead of just thinking about what you want to do. Actions speak louder than words.

GEMINI (May 21-June 20) -- Get physical and get things done. It's up to you to initiate change if you want to move forward with your plans. Don't settle for less when you can have so much more.

CANCER (June 21-July 22) -- If you look for a window of opportunity, you will find exactly what's required to put your ideas into play. Don't fear being different or following the road less traveled.

LEO (July 23-Aug. 22) -- Erratic behavior on your or someone else's part will put you in a difficult situation. Avoid arguments, unnecessary changes and emotional outbursts. Keep your head down and take care of your responsibilities.

VIRGO (Aug. 23-Sept. 22) -- Explore and discover. Open your mind to what others have to offer, and disclose what you have to contribute. Change will be productive and will enhance your life mentally, physically and emotionally.

LIBRA (Sept. 23-Oct. 23) -- Take it upon yourself to finish what you start and to live up to what's expected of you. Complaints and criticism will come your way if you procrastinate or are lazy.

SCORPIO (Oct. 24-Nov. 22) -- Explore what life has to offer. Taking a day trip, visiting someone who has something unique to offer or attending a retreat that will give you greater insight into personal growth is encouraged.

SAGITTARIUS (Nov. 23-Dec. 21) -- Keep your life simple and don't take everything you hear to heart. Someone will stretch the truth to grab your attention and persuade you to get involved in something risky.

CAPRICORN (Dec. 22-Jan. 19) -- Talks will solve any pending personal problems. Explore your options and make your position clear. Much can be accomplished if you offer suggestions and are willing to compromise.

AQUARIUS (Jan. 20-Feb. 19) -- Money matters should be looked at carefully. Go over contracts, settlements or medical options and you'll come up with a plan that will bring positive results.

PISCES (Feb. 20-March 20) -- Make personal changes that will update your image and make you feel good about the way you look. Plan something special for yourself and someone you love.

ARIES (March 21-April 19) -- Problems with older individuals will surface. Don't let anyone put pressure on you or cause you to miss out on something you are looking forward to.

TAURUS (April 20-May 20) -- Your changing attitude must be monitored closely. If you make a rash decision, you will have regrets and possibly suffer losses. Stick to what you know and do best.
