

CHAMPIONS Clinic

In traditional medicine, the focus is to treat the disease once it occurs. At Champions Clinic the focus is on improving your health to reduce the risk of pain and illness. Most would rather be healthy and avoid illness instead of waiting to treat whatever sickness occurs. This is a large part of why there's been a large surge of interest in Champions Clinic.

Most neck and upper back pain is caused by a combination of factors:

- Poor Posture
- Chiropractic Subluxations
- Stress
- Disc Problems

People are recognizing the benefit of seeking an alternative to traditional medicine. They understand that it will help them achieve and maintain optimal health. Take the time to meet the doctor, team, and wellness network that are all dedicated to helping you achieve your wellness objectives.

Services & Techniques

At Champions Clinic, we take pride in providing the finest chiropractic wellness care to our patients. Here is a sample of the diverse care that we offer.

Chiropractic Care

We provide advanced spinal correction using advanced chiropractic techniques. With these newer techniques, we can offer a level of help and expertise that was impossible before. They are also safer, more comfortable, and more effective than ever before.

Corrective Exercises

Everybody has their own unique problem that a generalized solution can't address. We provide our patients specifically tailored exercises that will strengthen their bodies and correct their problem. These exercises can be performed in your home and will improve the effectiveness of your spinal correction by as much as 40%. Not only will this help skeletal misalignment issues, these exercises will help muscle and connective tissues that are strained by improper alignment and use.

Lifestyle Advice

Many times patients need advice in regards to what kind of activities they should avoid or do differently to avoid aggravating their particular health problem. We want every patient to achieve a fulfilling life filled with the activities that they enjoy most.

Nutritional Counseling

We offer specific guidance to nutritional supplements and healthy food choices to facilitate your return to wellness. Champions Clinic can provide a structured nutritional program based on your individual needs.

Physical Rehabilitation

To enhance the effects of specific chiropractic adjustments, Champions Clinic also provide the following therapeutic procedures:

- Ultrasound
- Interferential electrical muscle stimulation
- Microamperage neural stimulation
- Mechanical traction
- Cryotherapy
- Diathermy
- Moist heat therapy
- Work hardening rehabilitation program

Custom Orthotics

How healthy are your feet? Foot imbalances or flat feet can lead to shoulder pain, back pain, hip pain, knee pain, and foot pain.

Have you considered individually designing your own custom orthotics? Here at Champions Clinic we can help perform a foot scan and show you how the imbalances in your feet can lead to pain. This scan will also show you the functionality of the orthotics and how they will help the imbalance you possess.
