First Healing for Life Great Race
4K held in Bethlehem Sat., May 16

The Bethlehem Community Development Association held the First Annual Healing for Life Great Race 4K on Saturday, morning, May 14, in the Bethlehem Community. The race, which is part of the Alexander County Running Series, started and ended at Bethlehem Elementary School. All proceeds from the event, which was sponsored by Healing for Life Chiropractic and Acupuncture in Bethlehem, go to the Alexander County Backpack Program. Nearly 100 runners turned out for the inaugural running of the race. In the end, Bethlehem Community twins Bryan and Brad Barbee came to the line at almost the exact same time to claim the first two spots overall. Bryan Barbee managed to slip past his brother at the end, closing the race with a time of 14:04.2. Brad Barbee finished at 14:05.7.

Chris Holland of Taylorsville ran in a third-place finish overall. Second was the masters winner, playing with women's race. For the female runners, Reidel Shiffler, age 12, of Taylorsville, was the top finishing female runner with an 11th place finish. She finished the race in 20:12.2. Reidel resides was second among female runners and 12th overall, while Amy Guyer placed third among females and 12th overall. Melissa Bowman was the female masters winner with her 4th place finish.

For more information, go to Healingforlife.org or www.alexandercountynow.info.

PHOTO FINISH - Tevia Bry- an, left, and Brad Barbee came to the finish line in the above photo during last Saturday’s Healing for Life 4K. Bryan (107) edged his older brother to take first place overall with a field of more than 90 runners. Brad came home less than a second behind his brother for a runner-up finish.

Strong Runners - Melissa Bowman (292) and Amy Guyer (312) close in on the finish line during Saturday’s running of the Healing for Life 4K in Bethlehem. The race was held to raise funds for the Bethlehem Community Backpack Program. The practice apologizes in advance for the inconvenience and will return to normal hours with the addition of Dr. Ben Campbell to the practice’s roster later in June.

The management of Garlitz Orthodontics announces the addition of Dr. Ben Campbell to the practice’s roster later in June.

Dr. Ben Campbell brings with him an outstanding educational background, an orthodontic residency at one of the top programs in the country and five years of clinical experience in a group practice, multi-discipline environment.

Dr. Campbell has a Bachelor’s Degree in chemistry with a minor in Spanish in the University of South Carolina at Columbia. He received a Doctorate of Dental Medicine from the Virginia Commonwealth University at Richmond, Virginia. Dr. Campbell graduated magna cum laude from both institutions.

Dr. Campbell served a fellowship in orthodontics at the University of Florida where he received a Master’s Degree in science and certification in orthodontics. For information on Urgent Care of Mountain View in Taylorsville, call the office's Facebook page or find them at www.urgentcareofmountainview.com, where weekend and evening appointments will be available.

When the practice manages normal hours, it enlists a student of Michelle Sherrill and will be working full-time. Lars Tautschn and Marilyn Gamewell will remain part-time. The practice is also adding by Johnson to its roster later in June.

Dr. Campbell graduated Garlitz Orthodon- tics on November 1st, 2014 and currently welcomes new patients.

We have the expertise to help you reach your financial goals.
