

Dixon Nursing & Rehab

The Mission of Dixon Nursing and Rehab encompasses a staff that is dedicated to you, it's valued residents and concerned family. Our goal is to provide the inpatient care needed in an attentive, thorough manner, always treating residents with the dignity and respect they deserve.

Environment...

Dixon Nursing & Rehab center offers a warm, friendly and responsive setting ideal for promoting health and healing. We offer 24-hour licensed professional care in a clean, safe environment. Residents are encouraged to enhance the decor of their rooms to make their new surroundings more homelike.

Social Servicing...

Our social service staff works closely with the healthcare plan team, resident and family to continually assess resident needs and progress. They are also available to assist and coordinate the admissions process to insure a smooth transition from either hospital or home.

Professional, Caring Staff...

You can trust that the care provided in our facility is directed by a physician. Physicians make regular visits to our facility and are on-call 24 hours a day to meet the needs of the residents. Our professional licensed nursing staff provides the highest level of nursing care available and certified nurse assistants help residents with their personal needs and other activities of daily living. A comprehensive plan of care for each resident is implemented to ensure individual goals are achieved.

Family Participation...

A resident's family members have a unique and important role in the caregiving team. They are encouraged to visit often, take part in activities and help to develop the resident's plan for care. Family can provide insight into a resident's abilities, preferences,

and their Families**

routines and special needs.

Successful Rehab Team...

Our restorative and rehabilitation team develops specialized programs to meet individual resident needs and increase their level of independence. Our therapy team assists many residents to make the transition from hospital to home. Our residents have access to a variety of services including: Physical Therapy, Occupational Therapy, Speech Therapy, IV Therapy, and Restorative Nursing.

Activities...

Each resident is encouraged to participate in the social activities at our center. Our creative activities are designed to promote both social and sensory stimulation. The opportunities include family/resident socials, parties, outings, movies, religious services, arts and crafts, and other stimulating activities.
