

New 'Must Have' Hunting Gear

Coyote Reaper XXL light Kit

Predator Tactics™, Inc. has once again set the bar at a whole new level in the predator hunting lights and hog hunting lights industry with the all new Coyote Reaper® XXL.

The Coyote Reaper® XXL light features an adjustable focus, intensity control on/off dial on the tail cap, extended run time per battery, interchangeable LED bulb modules and packs a punch with its beam throw reaching distances up to 700 yards* of target identification.

The Coyote Reaper® XXL is by far the best performing coyote light on the market today hands down. Our test hunters keep sending back nothing but rave reviews from hunting with this rifle mounted spotlight.

The Coyote Reaper® XXL is offered in several variations to allow you to find the right predator light or hog light for your needs.

Coyote Reaper XXL light Kit

4 led lens and
rifle/scope mounts included.

Retail Price \$249.99

Coyote Reaper Hunting Spotlight

Predator Tactics™ has brought you the most innovative predator light and hog hunting light kit available today.

The Coyote Reaper™ is packed full of features that makes it superior to any hunting light kit on the market.

Whether you are hunting fox in the timber, coyote hunting in the prairie or hog hunting in the mesquite, the Coyote Reaper™ will adapt to any hunting situation.

The Coyote Reaper™ hunting light will allow you to flood the beam wide for cutting through the timber or tighten the beam down for those long range shots.

The spotlight allows for identifying game at over 500 yards with the green LED light or over 400 yards with the red LED light.
