Kristi Mullins (18:00) and Savannah Schrank (18:42).

Schrank ran at district despite an injured hamstring that affected her cross country and basketball seasons in 2017-2018. "She wasn't able to play basketball, but she came back and qualified for the area meet in the 400 meters in track. She also played summer league basketball so we hope she has completely recovered," Cain said of Schrank.

The incoming freshmen include Rianne Hurst, who ran 16:33 last year at the junior high district meet, and Alyssa Hurst, who ran 17:21 at district. They'll be joined by freshman Danielle Goehmann, who was injured last season.

"Alyssa is Coach (Curtis) Hurst's daughter and Rianne is his niece. Danielle's two older brothers (Dominic and Isaac) have both run at state for our boys. So we hope the family genes will pay off for those girls," Cain said.

Cain is excited about the potential of this year's team, especially since none of his runners are se-

niors. But the veteran coach can't help but peek ahead to next year, when current eighth graders Sydney Partin, Mackenzie Morgan and Caitlyn Bouyer lead a strong class of runners. Partin, Morgan and Bouyer ran times last year as seventh graders that would have ranked among the best on the Lady Pirates' varsity.
