Educating Students in Grades K3 - 12th

Something incredible happens when students experience Faith. They begin to grow and blossom into caring, responsible individuals.

They begin to see a future filled with promise; they believe in themselves, in others and in their future.

At Faith Academy, we do this by providing a Christian education that meets the needs of the whole student—spiritual, artistic, athletic, social, and personal—in a safe, clean, and orderly environment that encourages excellence. We are **#faithstrong!**
