INDUSTRIAL DRAFTING PROGRAM

Classes Begin
January 14, 2019
Cost: \$400

Program Overview

This program will provide students with hands-on, industry-relevant drafting, design and Computer Assisted Drafting (CAD) training using the most recent computer software such as AutoCAD. Students will receive fundamentals of drafting and design of two dimensional drawings and computer drafting techniques.

The Training Includes the Following:

- 8 weeks of hands-on training
- Evening classes Monday/Wednesday 5-8 pm
- All training material

Course Content:

Title Blocks • Line Definition • Part Views • Dimensioning • Drafting Standards
Template Layout • Tolerancing and Engineering Standards

Skill Sets Gained:

- Implement appropriate techniques in drafting.
- Interpret designs of engineers into technical drawings
- Design plans using computer-aided design (CAD) software
- Create schematics that can be viewed, printed, or programmed directly into building information modeling systems
