A Fatal Rope-Skipping Contest

A rope skipping contest has caused the death of 11-year-old Freda Poigne and occasioned the severe illness of two other children at Beltrami. There was great rivalry among the three children and others of the school they attended as to who could jump the rope the most. One little girl established a record of 150 times without rest and her companions attempted to beat the record. This feat excited Freda, who had been the champion up to that time, and when she entered the ring to beat the record of the newcomer, quite a crowd gathered and applauded her efforts.

With flushed face and flashing eyes she passed the 150 mark and kept right on till 230 jumps had been made, when she staggered from the ring and was led home dizzy by her companions. She became ill and died on the following day. The attending physician said the cause of death was heart disease caused by too much violent exercise.

The Doctor's Answer.

What causes paleness and weakness? It is lack of iron in the blood and when iron is wanted in the system weakness is always the result. Now to those who are pale, weak and languid, we say, try H. F. Barker's Iron Compound. It is the strongest and iron preparation known to medical science. 50 cents at P. M. Mark's Drug Store.

Broken-down

Women

weary from pain and the torture of over-taxed nerves, it is but natural that you should be low-spirited and dejected. Worn-out by the care, the worry and the long suffering from weakness that have bedded the best efforts of your family doctor, it is no wonder you have become discouraged, and think there is nothing left for you but suffering and misery. Do not give up all hope, do not lose all courage. Remember Dr. Miles' Nervine has helped thousands of despondent women to regain their lost health and failing strength. It quiets the irritated nerves, rests the weary brain and drives worry and care away. It gives zest to the failing appetite, invigorates the digestion and adds new strength and vigor to the whole system. Don't forget the name.

DR. MILES' Nervine.

"Change of life left me a total wreck and I suffered nervousness, rheumatism, heart trouble and dropsy. When I commenced taking Dr. Miles' Nervine last December I was thought to be in the last stages of nervous prostration and was scarcely able to move about the house. I began to improve almost from the first dose, and in a few months I was enjoying better health than I had before in fifteen years. I am now able to walk ten or a dozen blocks without feeling in the least fatigued, and I bless the day I first heard of Dr. Miles' Nervine."—Mrs. DR. NORRIS, Rock Rapids, Ia.
