I consider it not only a pleasure but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. LYNCH, DORR, W. Va. This remedy is sold by—P. M. Mark.

I. Sterry, having finished his work upon the Swanson building is now engaged in raising and placing a stone foundation under E. J. Masters' building on Stephens avenue, occupied by Bridger & Tanner. C. W. Lingrain of St. Paul and H. M. Dalholen of Cross Lake, were in town yesterday looking up a location for business. Mr. Lingrain is an all around business man and if chances are favorable both gentlemen may locate in Fosston permanently. We have been requested to state that the rumor to the effect that members of Gust Hanson's family, where diphtheria has afflicted the eldest daughter, were attending school yesterday, is untrue. None of the family have been in the school since Tuesday. News has been received here of the death of Mrs. J. L. Bush at her home in Barnes early this week. Mrs. Bush had been ill for some weeks. Mr. Bush, who formerly made Fosston his home, will have much sympathy in his bereavement from this community. H. W. Barker's Esculapius will cure that awful headache. 25c. at P. M. Mark's. A. H. He retains telephone 18 in the new building. Hans Ekeland, formerly of the firm of Vaaler & Ekeland, of Fosston, has put up a nice dwelling house on the south side of the G. N. track and will hereafter make Bagley his future home. He will erect a flour mill here this summer, the work thereon having commenced.—Bagley Independent. Frank Wood, a young man who made this locality his home a few years ago, writes from Hilgard, Oregon, that he thinks he has found the right place. He only saw two really cold days, he says, all last winter. Then it went to 16 below zero. The country is mixed, farming, lumbering, mining and stockraising. Wages are good.

At a meeting of the Fair association directors held Tuesday evening it was decided to put men to work at once rebuilding the grand stand that was blown down Sunday. Much of the old lumber can be used again but the damage done to the stand and fences will probably amount to over \$200. Hans Rone has changed his plans for going to Duluth and will remain in Fosston for the present. He has removed his second hand store, however, to the building on Stephens avenue formerly occupied by THE THIRTEEN TOWNS and next door to its present location, where he will carry on the business as before. John Steele, who came here recently and commenced cleaning chimneys, finished last week the job of straightening the top of the Synod church spire that was bent and twisted in the storm several years ago. In doing the work, Mr. Steele was compelled to build a platform staging from the roof of the church to the top of the steeple, displaying a steady nerve in the work, for which his experiences of earlier years as a sailor and chimney scraper particularly fitted him. The improvement to the building is noticeable. E. J. Melquist, of Brandsvold, has a yearling heifer. Strayed from my premises April 29. Color—black and white. Finder will be rewarded upon returning to the undersigned. E. J. MELQUIST, Sec. 8, town of Brandsvold.

**An Epidemic of Whooping Cough.**  
Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells.
