D. A. Ray made a business trip to Crookston the early part of this week.

Mrs. Carl Abrahamson was in Crookston Wednesday on Probate court business.

Miss Aleda Hershberger left yesterday afternoon for a visit with friends at Crookston.

Henry Olson, of Lessor, has been committed to the asylum at Fergus Falls for the second time.

A number of McIntosh people saw Sanford Dodge at the Opera House here Wednesday night.

If wives have any compassion for the sorrows of cross-crabbed husbands, give them Rocky Mountain Tea. It will remove any misunderstanding in the family.—P. M. Mark.

John Larson came over from Bemidji on Wednesday and will take a holiday of a few weeks here.

The Normanna Young People's Society will meet at John K. Halvorson's next Sunday afternoon at 3 o'clock. Everybody welcome.

Attorney and Mrs. J. A. Hendricks returned yesterday from a pleasant visit with relatives and friends in the southern part of the state.

Born—On Sunday, July 8th, to Mr. and Mrs. L. Soderberg; a daughter. And Louie is throwing in an extra board or two with every load of lumber he sells this week.

Captains Sherman and Simpson and Lieut. Eck Hathaway of Crookston were here Tuesday and Wednesday evenings, holding Salvation Army services in the Congregational church.

At the Probate court Tuesday John Nese of Cass county, N. D., was appointed administrator of the estate of Elling Olson, consisting of real estate in the town of Columbia, Polk county, and personal property in Wilkin county.

R. Wallace Doig, Graduate Optician, eyes carefully tested. Glasses reasonable. Odd Fellows Block, Crookston, Minn.

S. N. Sorensen left for Fargo again last Tuesday. While attending the 4th July celebration at Hallock last week he sold three Fosston wind stackers, and upon his return found two orders from North Dakota awaiting his attention.

Attorney Peter Johnson, who was formerly located in Fosston but has since been practicing his profession at Bottineau, N. D., came over from the west yesterday to spend a few days with old friends. He will hereafter practice at Drayton.

Jens M. Hanson returned on Tuesday from his extended trip over certain portions of Idaho. He found prospects good in that country when the railroads become more common, but at present he thinks there are no great inducements for emigration to that state.

Dr. Morley—Specialist Eye, Ear, Nose and Throat, Crookston, Minn. (tf)

Large trainloads of logs will be run through here every night for some time to come on their way from Lake Bemidji to the large saw mill at East Grand Forks. This method of transportation has been found necessary this summer on account of the low stage of water in the lakes and rivers.

Shevlin Advocate: We think it unjust to fail to give the credit due to Prof. Nels Anderson, who has trained his little band of musicians to such a wonderful degree of perfection that they are seldom equaled, and we think that they cannot be excelled, when we consider age—the average of the 17 who constitute the band being but 12 years.

A Dangerous Poison.
Uric acid is a dangerous poison. It is the cause of a great many diseases, the chief of which is rheumatism. The pains and stiffness are the result of deposits by the blood of uric acid in the muscles and joints. Brights Kidney Pills cure rheumatism by expelling the uric acid from the blood. Every box warranted. Twenty-five cents per box.—Ed. Ruud.

The Doctor's Answer.
What causes paleness and weakness? It is lack of iron in the blood and when iron is wanted in the system, weakness is always the result. Now to those who are pale, weak and languid, we say, try H. W. Barker's Iron Compound. It is the strongest and best iron preparation known to medical science. 50 cents at P. M. Mark.

To the Deaf.—A rich lady, cured of her Deafness and Noises in the Head by Dr. Nicholson's Artificial Ear Drums, gave \$10,000 to his Institute, so that deaf people unable to procure the Ear Drums may have them free. Address No. 5221, The Nicholson Institute, 780, Eighth Avenue, New York.

Taken Up.
Came on my premises on or about May 23rd, 1900, two yearling steers, one red and the other red and white; and one yearling heifer, red. Owner can recover property by proving ownership of same and paying expenses. C. CLOUGH, Sec. 9, Town of Rosebud.

Pasture for Stock.
In section one, town of Rosebud, two miles east of Fosston; pasture for horses and cattle at 75 cents a head per month. Good water and grass. A. K. ANDERSON.

Cattle Market Every Saturday.
I will buy cattle at my lively barn every Saturday during the summer until further notice, paying therefor the highest market price in cash. Bring them in on Saturday. J. E. CAMPBELL, Fosston.

Wheat is 71½ cents a bushel today.

Don't miss the "Bachelor Maiden's" ball.

Lafayette Copley is down today from his home near Shevlin.

The Minneapolis and Northern elevator is getting a new roof.

Miss Hattie Kaiser, of Winona, is visiting relatives and friends here.

Street Commissioner Dickinson has been doing considerable good work on the business streets here this week.

Reports from Eden, Chester, Winsor and other towns north indicate a fine crop in that section of the country this fall.

I. O. Brandt has been on the sick list for the past week with his old trouble, rheumatism, and is reported to be worse today.

Messrs. W. E. Black and A. R. Amber made a business trip overland early this week to Bagley, Shevlin and other eastern points.

A. Helland returned today from a two weeks' trip through the middle section of the state, visiting friends in five different counties.

O. J. Kolseth, of the First State Bank, is putting up the cigars today on account of that little daughter at his home, who is just one day old.

Recent plentiful rains have greatly improved the crop prospects about here. 20 to 25 bushels of wheat to the acre will be realized in some cases.

The Merchants Bank, at Bemidji, closed its doors this week, but it is expected that it will resume business in a few days without any loss to the creditors.

The American Circus Syndicate will exhibit here some time next month. Their railroad accommodation includes ten special cars and it promises to be the largest that has ever visited these parts.

35c, 35c, not 25c, not 50c, 25c, the price of Rocky Mountain Tea the world over. None genuine, unless made by the Madison Medicine Co.—P. M. Mark.

Mr. and Mrs. J. A. Hendricks returned yesterday from an extended visit to Kandiyohi and Stearns counties, where they have been visiting friends and relatives. Mr. Hendricks also attended as a delegate the Synod meeting held in Willmar the last of June. They report the crops in about the same condition there as here. If anything, they have suffered more from the drought.

Mr. H. Evenhaugh, lately from Minneapolis, will open a photograph gallery here in about two weeks' time, for which purpose he will rent the Hanson building on Stephens avenue, formerly occupied by H. C. Olson as a restaurant. Mr. Evenhaugh has had an extensive experience at this work and will no doubt secure his share of the business here. He was here yesterday and secured his location.

The destructive work of the Hessian fly is reported to be evident in certain fields of wheat north of here. About Crookston this pest is also said to be doing its work. This fly deposits its eggs on the growing stalk of wheat below the lower leaves. When development is complete the stalk is so much weakened that the weight of the head causes the stalk to break off at the point where boring took place and the plant is thus destroyed.

F. Chickering, traveling salesman for the Dr. Seth Arnold Medical Corporation, was here yesterday placing an agency with P. M. Mark for the sale of this company's proprietary medicines. Mr. Chickering has been over a large part of the west this spring and remarked that during the whole course of his travels in Illinois, Wisconsin, the Dakotas and Minnesota, he had seen no better sections of farming country than that about Fosston, and few places its equal. Traveling men and strangers all remark the promising appearance of the crops in this section, compared with that of other places.

It stands alone, it towers above. There's no other, its nature's wonder, a warning poultice to the heart of mankind. Such is Rocky Mountain Tea. 35c.—P. M. Mark.

Attempted Murder.

Bemidji Pioneer, July 12.—W. A. Tyler of Shevlin attempted murder this morning in the hotel, drawing a revolver upon Dr. Blakeslee. He was arrested and is in jail awaiting a hearing before Justice Gilmour to-day.

The story has been told that Tyler lives in Blakeslee's house in Shevlin and had been ordered out by the owner. Owing to that and other domestic affairs considerable difficulty arose between the two men.

Yesterday Mrs. Blakeslee telegraphed her husband here that Tyler was on his way to Bemidji for trouble. This morning they met and Blakeslee was saluted by the point of a revolver, a bystander took the gun away and thus prevented a tragedy. Then the doctor prescribed a thrashing for his patient, and administered the dose himself, so the story goes.

An Unfortunate Runaway.

John Tellison, of Willborg, was brought here this afternoon, suffering from a broken leg and a badly injured arm. He was taking his team out from home and left the horses standing outside the gate while he was closing it. As he was shutting the gate the team started to run away and Mr. Tellison took after them, jumped into the wagon and attempted to stop them, but they ran into a ditch and threw their owner over their heads with such force that the above serious injuries resulted. Dr. McKinnon set the limb and dressed his other injuries.

A. H. Johnson, proprietor of the Fosston bakery, has sold out his business today to Louis Jensen, of Lengby, who will now take charge of the business. Mr. Jensen is well known in this vicinity.

Theodore Torgerson has brought a suit for divorce against his wife, Mary Torgerson, alleging desertion and cruel and inhuman treatment. J. A. Hendricks has been retained as attorney for plaintiff.

Reports are going out to the city dailies of possible trouble coming from the Cross Lake Indians, of Redlake agency, who are said to be engaging in war dances. It's probably a bluff to bring a few of Uncle Sam's boys out for a summer vacation on the lake.

McIntosh Tribune: Our McIntosh base ball team composed of kids 14 years of age received a challenge from the Fosston kids Monday to play on the former's grounds Thursday, July 12th, at 2:30 p. m. The challenge was accepted, but today when the game was to come off, our Fosston kids were not to be seen.

S. S. Stadsfold, proprietor of the Fosston Elevator and Flouring Mills, has had a second large well dug near the engine room, in order to secure a plentiful and continual supply of water for the boilers when the mill commences its fall and winter work. As noted elsewhere, this establishment will close down on July 21st in order to allow of other improvements and repairs in the mill.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst of slavery. George D. Williams, of Manchester, Mich. tells how such a slave was set free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by P. M. Mark Druggist.

State Crop Bulletin for Week Past.

The severe drought has been effectually broken in all parts of the state by rains which began on the morning of the 2nd, and continued, as showers, till late in the week, though in Polk, Clay, Becker and Hubbard counties there were splendid rains as early as June 30. The temperatures were moderately high till the last days of the week, the highest being on the 4th. The rains have been very beneficial to corn, late potatoes, pastures, wild grasses, forage crops, flax and fruits; and of some value, depending on the condition of the plant, to spring wheat, oats and barley; some fields of these small grains, especially in the northern part of the state, were too poor to receive any benefit from the rains, and others had already been plowed for forage or other crops, or cut for hay, but some on heavier soils, and grown in better conditions, stood the drought better and have been improved by the rains by a lengthening of the stalk, an increased capacity of head and better filling. A fair crop of winter rye is nearly all in shock, and a moderate winter wheat crop is being cut. Barley harvest has begun in the south, and oats are ripening. Flax is irregular, but it is improving, and a larger crop is expected than was thought possible before the rain began. A poor crop of hay is being cut, though the work is retarded by the rains which have spoiled some of it. Fodder corn and millet are being grown to supplement winter feed. No timothy will be grown for seed. Chinch bugs are numerous in southern counties, where they are attacking the corn. Corn and potatoes are growing rapidly.

Wm. Cameron paid a visit to his farm near Fisher early this week, and found the larger portion of his grain looking fine. Last summer he had 120 acre summer fallowed and this ground is growing a good crop, better than any land about, and Mr. Cameron blames this treatment of these fields for it.

IS IT RIGHT
For an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of physician would not be required. At least this has been our experience during the past twenty years. For sale by P. M. Mark.
