

# PARTNER IN THE COMMUNITY SINCE 1955

We are proud of our success in the packaging industry and appreciate the role that Edgerton has played in that success. We started with a commitment to quality, a staff of three and a beer tapper to fill our products. Over the years we have grown to be one of Edgerton's largest employers and one of the most respected names in the industry.

**Sustainability**  
We have been dedicated to a sustainable future since our earliest years in business. Our focus is centered on waste reduction and continuous improvement to all of our operations. We have implemented innovative programs to reduce energy usage and re-use or recycle whenever possible.

**Protecting Employees**  
IKI has always believed that our employees are our most important asset. That is why we continue to focus on safety as the core of our work ethos. We are striving to achieve OSHA's VPP Star Certification, which is awarded only to those companies which have demonstrated the highest level of workplace safety.
