

# Impact that matters.

What kind of an impact can a hospital make on a community?

**\$1,383,194**

in community benefit dollars, going directly to area residents for subsidized healthcare, financial assistance, health improvement services and education

as a not-for-profit, private hospital, Clara Barton Hospital serves everyone, regardless of their ability to pay

The Hospital's not-for-profit status means that any revenue for services, over operating expenses, is directly invested back into the Hospital. The Hospital's private status means that the community and county do not support the Hospital through tax revenues.

countless volunteer hours by providers, administration, and staff serving community members throughout Barton County.

Employees act on boards, advisory committees, and community improvement panels. They are volunteer instructors, coaches, troop parents, Sunday school teachers, and church volunteers. They give back in too many ways to count.

reduced cost lab fair tests

free school physicals

high school job shadowing

vaccines for children (VFC) program

patient assistance with medications

doctors who make calls to community nursing homes

6th grade health fair and public health seminars

medical student/clinical rotation site

## You inspire health. You inspire us.

Every year, you, and donors like you, help the hospital provide these services, by donating to Clara Barton Hospital Foundation. You fund this impact with new equipment, facilities, programs, and growth.

Call **(620) 653-5012** to find out how you can support the Foundation.
