

“It’s just awesome. Everyone has been so complimentary. They think the community, the children and the staff are worth every ounce of effort, and I agree.”

*Ronny Wright
GCISD Superintendent*

Goldthwaite Elementary Campus Now Open For Education

Goldthwaite is proud to announce that it has a brand new elementary school. The project cost over \$10 million and was completed on time and under budget.

School Board President Charles Miles spoke at the Grand Opening of the new campus, saying the event was “a great day for the future of Goldthwaite.” He also specifically thanked Superintendent Wright and GES Principal Dee Dee Wright for their efforts with the new school.

“They’ve gone over and above what was expected,” he said and “not just put their time into it, but put their hearts in it.”

Miles also expressed thanks to former school board president Rich Brown, saying, “without his leadership to the present board, we would not be here today ... we owe him a debt of gratitude.”

Richard Rogers, representing CADCO Architects, said he was very proud of the building, and the community effort that went into it.

“You all should congratulate yourselves on a job well done,” Rogers said.

High School Campus Next

A Community Planning Committee is working with the GCISD School Board and the public to look at building a new high school campus or renovating the existing campus.

Jo Head, Life Studies Teacher at Goldthwaite Elementary, shows retired GES teacher Freda Johnson and her daughter around Jo’s new Life Studies classroom. Freda reminisced about her years at the old elementary school and commented on what a wonderful blessing it is to have a new campus.

Owen McCarn and Taylor Rountree check out the new serving line in the cafeteria during the Grand Opening on the new campus.
