S7 SERIES STRYKA STRONG, STRYKA OPTICAL QUALITY

STRYKA S7 Series Riflescopes feature STRYKA's proprietary SXL-MAX multi-coating for increased light transmission throughout the entire optical system and across the entire visible spectrum. SLX-MAX also enhances contrast and resolution for sharper, more detailed images with natural color. STRYKA S7 riflescopes are constructed of one-piece, 30mm aircraft-grade aluminum for long-lasting durability.

Ideal for those who prefer lower magnification with a 6x zoom ratio and the ability to adjust for parallax (illuminated reticle version available).

1-6x24

Provides more magnification than a standard 3-9x and the ability to adjust for parallax (illuminated reticle version available).

3-12x42

6x zoom & large 50mm objective lens for improved low-light performance and the ability to adjust for parallax (illuminated reticle standard).

2.5-15x50

STRYKA
Pride
WARRANTY

It's all about the experience at STRYKA. That's why the STRYKA Pride Warranty is so simple. In the event of damage or malfunction, we will repair or replace your STRYKA product free of charge. No questions asked. No registration required. No receipt needed. No matter who bought it. The only caveat? The warrant doesn't cover theft, loss or intentional damage.

It gets better. Send us your STRYKA product and we'll clean and tune it up once per year. Regular maintenance helps keep your STRYKA performing like the day you bought it.

Custom Knives by Davie Boultinghouse

Davie's knives are all made from scratch in his workshop in sunny Central Texas. Being a handmade product, each knife is unique in some detail. If you ask Davie he'd probably say he's never made the perfect knife, but he keeps trying. All knives come with a leather sheath.
