A thriving Jones Oil business in its current location 'back in the day,' above. Rubble that was left following the devastating fire in 2002 (left). Jones Oil Co. today is still providing the community of Lyons and Rice County with Tire, Auto, Lube and fuel service reminiscent of the "Good Old Days".

The Metal frame (right) and building that house the current Jones Oil facility went up fairly quickly following the devastating fire that destroyed the previous structure in May of 2002. The new facility was up and open for business six months later.

Jones oil is a full service service station providing oil and filter changes for passenger cars as well as fulfilling lubricant needs for farm and industry.

A business that was started in 1933 by the Jones brothers – Ralph and L.C. – has seen its up and downs through the years. Jones Oil Company has been a constant in the Lyons business district at 223 East Avenue North.

Kenny Hass purchased the business from Ralph Jones in 1980 after working there for 29 years.

However, on May 12, 2002, the business burned to the ground.

Kenny did not want to leave the community of Lyons without the business and the service it provided, and he didn't want leave a hole in the community and rebuild.

During the rebuilding process, they operated the business out of their warehouse for six months and one day. The present structure was then completed and ready for occupancy.

In January of 2005 Kenny sold the business to his son Chris. Chris, a Lyons product, was born in Lyons in 1964 and graduated from Lyons High School in 1983. Chris has worked at Jones Oil Company since 1978.

Jones Oil Company sells Goodyear Tires and many other popular brands as well as Total® Lubricants. They have a full line of industrial and farm lubricants, and sell tires for passenger cars, farm equipment and industrial equipment.

The company has four employees in addition to Kenny, who still helps, and Chris. The telephone number is 620-257-3191 and the e-mail address is JonesOilCo@sbcglobal.net. They are open Monday through Friday from 7:30 a.m. to 5:30 p.m. and on Saturdays from 7:30 a.m. to 4 p.m.
