Prairie Vista's first year a success

The PRAIRIE VISTA DUPLEX apartment project was a new venture for the city of Larned in 2015. With the support and participation of the people of Larned, the city staff and all the new residents at PRAIRIE VISTA, I am please to say it has been a very successful first year. PRAIRIE VISTA continues to attract residents to live, work and play in the Larned city area which in turn helps to support local businesses, city services and the state facilities located in our backyard. We would like to take this opportunity to thank all of our residents at PRAIRIE VISTA and look forward to the future success of Larned's newest residential community.
