

CITY OF LARNED

William A. Nusser
Mayor

It is my honor to represent the City of Larned, Kansas. Larned is a community with tremendous civic pride, a community that has a wonderful historical background and is a great place for businesses. This city is filled with friendly people that when the time comes have continually stood together to address the most difficult challenges. Our small town atmosphere makes Larned a great community to live or visit. On behalf of the City of Larned it is my sincere pleasure to welcome everyone to our community as a place you are proud to call home.
