Students were asked four questions as they prepared to finish up their Kindergarten year. To follow are the questions and their answers:

What do you want to be when you grow up?
What tools/skills will you need to be good at your job?
If you could have a super power for a day, what would it be and why?

Caston Walley - I want to be a veterinarian. I will need shots, medicine, school and to love animals. I would like to be super fast, so I could win ballgames, help people and get places fast.

Charlie Stevenson - I want to be a cop. I will need handcuffs, a uniform, a car, be helpful and be strong. I would like to be able to fly, to get places quickly.

Cloey Weber - I want to be a cop. You got to be fast. You got to have a car and walky talky. You have to be strong. I want to be able to fly, so I can go to my MawMaw's house and to see the world up high.

Drew Nicholson - I want to be a logger. I will need to

know how to drive skidders and loaders and a cutter. I would be like Batman because he fights crime, he shoots those little things in his pouch at the bad guys.

Gabriel Garris - I want to be a police officer. I will be good at putting people in jail when they are bad. I would like to have blazin' speed power, so I can go super, super, super fast.

Garett Stinson - I want to be a lineman like my Daddy. I need a wrench, hammer, tape measure, screw driver and pliers. I would like to be really strong, because I could pick up a board and build stuff.

Greyson Smith - I want to be a construction manager for DeepWell Energy. I will need to run a dozer and track hoe. I would like to be super strong, so I can hammer really hard.

Zoe Bates - I want to be a veterinarian. I will need a stethoscope. I want to be able to shoot lasers out of my eyes, because it would be cool.

Wesley Dickens - I want to be a police officer. I will need a pistol, rifle and handcuffs. I'd

like to have a flashing laser on my arm, so if a bad guy broke into a bank I could use my lazer to fix the bank back to normal.

Zoe Hotes - I want to be a writer. I will need English, grammar and imagination. I would like to be able to fly, so I could see everything from up above.

Jakin Byrd - I want to be a logger or a cop. I will need a chainsaw or a gun. I would like to be able to fly, so I could get there faster.

Mathew Perry - I want to be a police officer. I will need a gun, police car and handcuffs. I would like to be Superman, so I can fly and save people.
