

## 8 Warning Signs

**SOME HOMEOWNERS EXPERIENCE THE SYMPTOMS** of a foundation structural issue but are unsure as to what the problem actually is or of the problem's larger implications. **Are you experiencing any of these symptoms?**

- |                              |                            |                            |                          |
|------------------------------|----------------------------|----------------------------|--------------------------|
| ✓ Exterior wall cracks       | ✓ Uneven or sloping floors | ✓ Interior wall cracks     | ✓ Cracked basement walls |
| ✓ Leaning or tilting chimney | ✓ Foundation cracks        | ✓ Gaps in windows or doors | ✓ Tripping hazards       |
