# LW Arts Wins Grant for Dia de Los Muertos – Day of the Dead Celebration

LAKE WORTH -Presented by LULA Lake Worth Arts and R Dot Photography, Día de los Muertos or Day of the Dead, is a festive time to honor deceased relatives, satirize the living, and entice the spirits to visit with flower-decked altars and offerings of food. One of South and Central America’s most distinctive holidays, Day of the Dead, is considered a day of cheerful celebration rather than one of mourning.

# School District Offers Guidance on Solar Eclipse

On Monday, August 21, there will be a total solar eclipse – the first since 1918 that will be visible across the continental United States. The moon will pass between the Earth and the sun, beginning at 1:30 p.m. The height of the eclipse will occur around 3 p.m., when 80 percent of the sun’s surface will be covered. It will take another 80 minutes for the moon to move out of the way, with the event concluding by 4:30 p.m. Schools within the School District of Palm Beach County will observe their regular dismissal times on August 21. However, all outdoor activities between the hours of 1:30 p.m. and 4:30 p.m. – including physical education classes, recess, athletic practice, band practice and aftercare programs – must be moved indoors. Outdoor activities can resume after 4:30 p.m. Students may participate in structured eclipse observation activities, using eyewear recommended by the American Astronomical Society (AAS). These activities must have prior approval from the school’s principal. The District is offering the following guidance to schools and the community for safely viewing the eclipse on August 21:

- Looking directly at the sun, even when it is partially covered by the moon, can cause serious eye damage or blindness. NEVER look at a partial solar eclipse without proper eye protection.
- Only devices recommended by the AAS can be used to safely watch the eclipse. For this reason, homemade devices cannot be utilized to view the eclipse.
- Parents should speak with their children about the dangers of looking directly at the sun and the potential damage this can cause to their eyes.
- Distracted drivers and pedestrians are a likelihood on the day of the eclipse. Make sure to use additional caution during parent pick-up and dismissal of student walkers and bus-riders.

### ATTENTION OWNERS, AGENTS, CUSTODIANS, LESSEES AND OCCUPANTS OF REAL PROPERTY WITHIN THE VILLAGE OF PALM SPRINGS

You are hereby notified that you are required by law to cut and prevent the excessive accumulation of weeds, underbrush, grass or other dead and living plant life upon your improved property; to remove any trash, waste, rubble, debris, refuse, abandoned appliance, or other noxious matter or condition located on any property owned, controlled or occupied by you in the Village of Palm Springs; and that upon your failure to do so, the Village of Palm Springs will institute nuisance abatement proceedings against your property and cause such nuisance to be abated. The cost of such abatement will constitute a special assessment lien against the property on which the nuisance is located. Such special assessment lien shall be coequal with the lien of all state, county, district, and municipal taxes and superior in dignity to mortgages and all other liens, irrespective of the date of the recording of the municipal lien or the date of the recording of any mortgage or any other lien on real property. A failure to pay said lien, even such lien upon homesteaded property, may result in a loss of title to your property."
