Experienced staff integral to success at Jeremy's Paint and Body Shop

When that fender bender happens there is someone in Rice County to call to get that vehicle repaired — Jeremy's Paint and Body Shop, Inc.

The company owned by Jeremy Kroeker has continued to grow over the years. In 2010 they added another 3,000 square foot shop to expand the auto collision repair area and added a new paint prep station and a bake unit to their paint booth. As

a result of their continue growth Jeremy brought Ryan Zambo to the front office to be the shop manager.

Jeremy's Body Shop is the county's only A.S.E. Blue Seal certified collision repair facility.

The business has grown from Jeremy Kroeker and wife, Angie, to their current staff since 1996. The Kroekers have continually sought to expand and improve their facility.

Giving back to the community is an important part of their success as well. Recently by participating in a program through Sikkens Paint Company, Jeremy's was able to provide the labor and expertise to refurbish a 1996 Buick Park Avenue which was then given to a family in need of a vehicle for transportation. A Lyons mother of three, Jennifer Brown, was

awarded the vehicle. Jeremy comes by his occupation through

his father who was also a body man. Kroeker graduated

from Nickerson High School and Central Kansas Area Vocational Technical College.

After getting married, the couple moved to the Sterling area in 1993 and opened shop in 1996.

For repair and painting quotes call Jeremy or Tim Russell, manager, at 620-278-2003, Monday-Friday 8 a.m.-5 p.m.

The shop is located at 2419 State Road 14, Sterling or one mile south of Sterling on Kansas 96/14 Highway.

Jeremy's Paint and Body Shop won top honors at the Oldsmobile nationals with this 1968 Oldsmobile 442 last year in Des Moines Iowa.

The orange truck (below) won "peoples choice" at the 4 states Chrome Shop Mafia "Guilty by Association" truck show in October. The truck above won "peoples choice" at the Super Rigs Show in May. Both shows were in Joplin Mo. and both trucks are owned by Farmers Oil Co.
