

## B & B provides custom butchering, made to order meat bundles, and the finest selection of fresh or frozen retail meats

B & B Quality Meats has been serving Larned and the surrounding areas since 1978 and has expanded their business in 2012 with a retail meat market shop in downtown Larned. The downtown store stocks a larger variety of products and meats in a retail environment. The East 14th Street location will continue to provide the products and services they have been known for the past 34 years.

B & B provides custom butchering, made to order meat bundles, and the finest selection of fresh or frozen retail meats found in Pawnee County. One of the unique features of B & B is the option to choose from pre-cut fresh beef and pork items, or to cut and

customize any item you choose. Available items include lunch meats, cheeses, two choices of summer sausage, beef sticks, and the customers' favorite, beef jerky. Also kept in stock are beef patties, chicken, brat wurst, sausages, Oven Ready Pork Loaf (also known as HAM LOAF), and their famous quarter-pound all-beef hot dogs, just to name a few. All of their "choice" steaks are aged to perfection for maximum tenderness and flavor. Ask them about their "All Natural" steaks, and remember their low everyday price on their 85% lean ground beef!

B & B Quality Meats offers both retail and wholesale meats, continually adding new

products to their line of foods. As an example, you can now purchase breakfast sausage links, and deli trays are back at B & B. All your grilling supplies like charcoal, seasoning and sauces, and lighter fluid can be picked up when you're shopping for the best steaks and burgers in the county! And now goat and lamb are available year around on request. When it comes to preparing your meat, B & B has the expertise to help you there as well. They stock the popular Louisiana Country Smoker pellets.

"The Buck Stops Here!" has been the known catch phrase throughout the years during deer season. Wild game hunters from all over Kansas and the

surrounding states have been providing them with their deer, antelope, elk, wild hogs, and buffalo. During the month of December B & B Quality Meats extends its hours and suspends regular hog and cattle butchering to focus on the vast amount of wild game brought in. They produce thousands of pounds of jerky, sticks, brat wurst, and three kinds of summer sausage for their hunters. The speed, accuracy, and exceptional taste bring those hunters back to them year after year.

Normal butchering days are Tuesdays and Fridays, and appointments must be made in advance. The rigid cleanliness and quality control standards used

during the butchering and processing of the animals are one of their well-known policies. B & B Quality Meats provides a friendly and helpful shopping experience for their customers, thanks to the dedicated staff and the business owner, Carroll Bennett. MasterCard, Visa, and Discover are accepted for your convenience. Their store hours at the 909 East 14th St location are Monday through Friday 8:00 a.m. to 5:00 p.m. and Saturday 8:00 a.m. to 12:00 noon. The hours at the 508 Broadway location are Monday through Friday 9:00 a.m. to 6:00 p.m.

Calling 620-285-6376 at 909 East 14th Street or 620-285-8988 at 508 Broadway will insure you receive quality foods, competitively priced, with a personal guarantee that you will always be completely satisfied. They invite you to stop in to check out the store at 508 Broadway. They have a variety of deli meats and cheeses and have a great ham salad that is made fresh weekly. They also carry the products that they have at the plant at the Broadway store, however, if there is anything that you need, that they don't have, they'll sure try to get it for you.

The staff at Simmons and Simmons, (left to right, back row) Phyllis Foster and Gayle Fanshier; (front row) Joe Simmons, William Nusser, and Kevin Simmons.

## American State Bank continues to grow

American State bank in Larned will celebrate its 14th anniversary on March 17, 2017.

The Larned branch is part of its parent company, American State Bancshares, with two banking charters and 15 locations in central and western Kansas.

In addition to the bank's anniversary, Linda Germer is celebrating 14 years as market president. Located in the old Santa Fe Railroad depot, the building has been remodeled but much of its history has been preserved.

Since opening, the bank has seen substantial growth, but Germer emphasized that financial growth does not diminish the bank's focus from personal service and customer satisfaction which are hallmarks of American State.

The Larned branch offers full service, customer-oriented commercial, agriculture and household banking products. New innovations in banking allow customers to manage their money

using the latest technology.

In addition to Larned, American State has locations in Augusta, Belleville, Clyde, Concordia, Garden City, Great Bend, Holcomb, Macksville, Rose Hill, Salina, St. John and Wichita.
