Super Kansas Cash sets new record

Kansas Lottery players across the state will try tonight to capture a \$3.18 million Super Kansas Cash jackpot – the highest ever for this Kansas-only game. The Super Kansas Cash jackpot has been rolling since September 21, 2016, when a Prairie Village resident captured \$3.16 million. Super Kansas Cash drawings are held Monday, Wednesday, and Saturday. Players get two plays for \$1. There are eight ways to win in Super Kansas Cash, with prizes ranging from \$1 to the jackpot. To win or share the jackpot, a player must match the first five numbers and the Super Cashball number. Here's a list of Super Kansas Cash jackpots that have been won dating back to 2014:

- June 28, 2014	\$230,000	- February 9, 2015	\$389,672
- August 23, 2014	\$230,000	- February 9, 2015	\$1,755,859
		- August 3, 2015	\$1,798,007
		- October 28, 2015	\$676,242
		- January 9, 2016	\$565,887
		- September 21, 2016	\$3,160,431

Jackpots also continue to roll in Powerball and Hot Lotto, after no tickets matched all numbers in those games this week. The July 5 Powerball jackpot is an estimated \$121 million with a cash option of \$76 million. A ticket that matches all numbers in Hot Lotto tonight will win or share \$7.99 million, with the lottery paying the initial income withholding taxes on the prize. The Mega Millions jackpot has climbed to \$186 million with a cash option of \$115.5 million for Friday, July 7.
