

Rice County District Hospital welcomes Dr. Roger Klein to join the team of Family Practice

On September 5, 2017, Dr. Roger Klein joined Rice County District Hospital’s team of Family Practice Physicians and began his practice at Lyons Medical Center. “Dr. Klein has hit the ground running, George Stover, CEO said. He is a great addition to our medical staff and the Rice County community.” Klein and his wife, Brooke, visited Lyons Middle School students in his first week to talk about medical careers.

Dr. Klein is from Derby, KS, where he graduated from Derby High School before attending Southwestern College in Winfield. There, he received his Bachelor of Science in Biochemistry, with a double Minor in Leadership and Music. Klein attended the University Of Kansas School Of Medicine and completed his residency training in Family Medicine at Wesley Medical Center in Wichita.

Klein received the Apple Teaching Award for outstanding resident teaching to medical students three consecutive years. He also received the Student Choice Award for best resident in Family Medicine the last two years. Other awards he has received include: Frantz Jabara Leadership Award, Master Builder at Southwestern College, and Eagle Scout.

Dr. Klein has always been involved in organizations focused on service and leadership. He loves music and theater and enjoys playing the piano. In college and medical school, he performed in an improv comedy troupe and multiple other musical groups. Klein led an a cappella group called “Doctors’ Notes” in medical school. The group visited hospitals and nursing homes performing for patients and residents.

At Southwestern College, Klein met his wife, Brooke. She attended KU School of Nursing and has been working in the ICU at Wesley Medical Center. Brooke plans to begin working part-time at Rice County District Hospital when they get settled in their new home. The couple has a ten-month old son, Owen, and a dog named Binski. They enjoy traveling, spending

ing time outdoors, playing ultimate Frisbee, golfing, disc golf, hiking, and biking, as well as board games and enjoying time with family.

“We are very excited to be in Lyons,” Klein said. “We have always dreamed of living in a small town where we can raise our family and help take care of others in the community, not only through healthcare, but also through service and involvement in community activities. We look forward to meeting new people and making new friends!”

I am excited to be caring for the wonderful community of Lyons and Rice County! I enjoy getting to know my patients both on a medical and a personal level and take the time to listen and understand their thoughts and concerns. I particularly enjoy taking care of families, from maternity and prenatal care, through childhood and adolescence, adulthood, and elderly care. My family and I are excited to be in a small community and look forward to meeting you!
