

BEST NURSING HOME

The Waters

Every Wednesday, the dedicated staff from The Waters of Union City Skilled Nursing and Rehabilitation Center heads out for their community hydration adventure called "Waters Wednesdays." The mission? Tool around town looking for individuals working or walking outside that could use a refreshing, ice-cold water break. "We wanted a memorable way to promote our new name — The Waters of Union City — to the community," said Ashley McKinnis, RN, the facility's director of Marketing and Admissions. With summer temperatures pushing into the 90s, distributing water is a great way to remind everyone to be healthy and stay hydrated. No matter what the weather, many skilled workers must still work outside to complete their jobs. "We've stopped at construction sites, fire departments, beauty shops, car dealerships, dental offices and clinics," Ms. McKinnis said. "Union City is a close and friendly community and Waters Wednesdays gives us a cool way to get more involved." Join the fun and follow the bus on the facility's Facebook page: <https://www.facebook.com/The-Waters-of-Union-City-1966558640245295/?nr> Maybe you'll be next to hear them say, "You have been hydrated!"

We appreciate your confidence in our care. Each day our dedicated employees put patients first so you can feel the difference. From the facility's administrator, admissions and activities, to dietary, social services, and our comprehensive therapy department, our staff truly love their jobs. Adding to your comfort and convenience, our medical director, Bruce Brown, M.D. is a local physician at the Baptist Medical Group Doctor's Clinic.

The Waters of Union City is a skilled nursing and rehabilitation center licensed for 80 beds offering long-term, short-term, and respite care; physical therapy, occupational therapy and speech therapy; wound care; and private rooms for rehab patients. Call today for a TOUR!
