

## BEST DENTIST — *Travis D. Shumate, DDS*

**BEST DENTIST** — In July of 1972, Travis Shumate opened his doors as a family and cosmetic dentist in Union City. He and his staff learned one very important thing early on: the secret to their success lies with their patients. Fast forward 45 years and although many things in the dental industry have changed, one thing has remained constant to Dr. Shumate, patients are always the most important piece of the puzzle and make the practice of dentistry as rewarding today as when

he began. He and his staff would like to thank their patients for their continued support. Located at No. 2 Bishop Centre, 117 South Miles Ave. in Union City, Dr. Shumate works Monday through Thursday and is accepting new patients. He may be reached by phone at 885-4404. Pictured are employees (standing, from left) Gena Kepner RDH, Dr. Travis Shumate, Darlene Fultz, office manager, (seated) Kody Grass RDA, Mary Sue Seratt RDA, Kayla Wright RDA and Danielle Eaves RDA.

## BEST NURSE PRACTITIONER

*Tyler Sherwood*

**BEST NURSE PRACTITIONER** — Tyler Sherwood is a Union City native who has been working at Union City Urgent Care for three years as a physician's assistant. He approaches the practice of medicine from a preventative point of view and works with his patients to not only treat

illness, but improve wellness. He is especially interested in nutrition and exercise as treatment for a vast majority of the chronic conditions he sees on a daily basis. He truly cares for each of his patients, which is apparent from the very first visit.
