

BEST MARGARITAS/MEXICAN FOOD

Don Sol

Don Sol, locally owned and family-oriented, opened on Oct. 24, 2013. We believe in the constant involvement with our community. Don Sol wants to be that different option to the Mexican restaurants in the area.

Through our yearly events, which are two every year, one of them is 5 de mayo, where we raise money for the Hometown Walk of Hope. In the past years we have raised over \$7,000. The other event is our anniversary, where we raise money for a scholarship fund we started called "Salsa and chips for scholarships," which has awarded \$500

scholarships to 11 high school students from the area schools.

At Don Sol we believe in teamwork and consistency of good food, excellent service and great attitudes to serve our loyal customers. Throughout the year, we have fundraiser nights, where we raise money for different school programs, which have been welcomed very well by the community.

Last year, we were awarded "Small Business of the Year" by the Chamber of Commerce.

Don Sol appreciates and thanks the base of their success, which are their loyal customers and their

hard-working employees; without them we could not make anything happen.

Don Sol thrives to be the best option of a Mexican restaurant to the area and to be the supper table of the Obion County residents.

Follow us on Facebook, and be part of the Don Sol family and stay up-to-date on our food and drink specials and our upcoming creative events.

Santi Ramos is the manager of Don Sol and Manuel Mejia is the assistant manager.

A big gracias from everyone at Don Sol who made this happen.
