

The gift of care

We all have that someone on the list who is hard to buy for. Instead of feeling the stress, choose a unique item that will also make a contribution back to the community.

For a gift that shows a sense of caring and compassion and also gives back, give the gift of an Empty Bowl. This gift will be a treasured piece of art for the recipient and food for someone in need.

Empty Bowls is an international grassroots effort to fight hunger and was created by The

Imagine Render Group. The basic premise is simple: Potters and other craftspeople, educators and others work with the community to create handcrafted bowls.

The Martin and University of Tennessee at Martin communities have been involved in the Empty Bowls Project for the last 14 years, with 100 percent of the money from the sale of the bowls going to the WeCare Food Bank.

WeCare Ministries, a benevolent organization who helps those in

need with rent/utility assistance and food, has a walk in-freezer and cooler as a result of this project as well as funds over the years that have assisted to fund their food bank.

To purchase a bowl throughout the year for any special occasion, call or visit WeCare on North Lindell in Martin.

For a gift that is handcrafted with love by local potters and other craftspeople, a gift that shows a sense of caring and compassion for others, give an Empty Bowl.

EMPTY BOWLS

the bowl serves as a visible reminder that people go to bed hungry each night.
