Giving coffee table books for Christmas

(StatePoint) — While book lovers sometimes turn to digital for their literature fix, when it comes to coffee table books, print rules. Coffee table books are not only sources of knowledge, but also high impact art statements. For this reason, they make great holiday gifts.
This season, consider the following new options.

A Book on Books
From ancient masterpieces such as “The Art of War,” written on bamboo leaves to Chairman Mao’s “Little Red Book,” “Remarkable Books” delves into the stories behind the most incredible tomes ever produced, offering an insight into their wider social and cultural contexts. Alongside images of the books and manuscripts are close-up views highlighting interesting features, and biographies telling the lives of the people who produced them.

Take a Hike
An illustrated account of human travel, from the first trade networks to space missions, “Journey” features evocative accounts, archival images, historical maps and artifacts of human migration arising

from all manner of impulses — from the search for food to pilgrimages, trade, scientific curiosity, or simply the quest for adventure.

Exploring the World
Discover Earth’s natural landmarks and the animals and plants that inhabit them with “Natural Wonders of the World.” From the granite domes of Yosemite to the reefs of the Bahama Banks, this unparalleled survey of the world’s natural treasures features landscape photography and illustrations with 3-D terrain models, and other explanatory artworks to reveal the geological processes that formed them.

Guide to the Masterpieces
A visual celebration of artists from the Early Renaissance to the present day, “Artists” tells the stories behind their masterpieces, including the historical context in which each artist worked, their influences, creative development, friendships, loves and rivalries. From Donatello to Dali and Giotto to Giacometti, the book showcases artwork as well as images of artists at work, making it a great gift for anyone with an interest in art, art history or biography.
