

Best Nursing Home: Van Ayer Nursing and Rehabilitation

Steven Totty, administrator and the staff at VanAyer Healthcare & Rehab are humbled for being voted "Best of the Best" in Weakley County for the last three years. We feel privileged and grateful to serve the folks of Northwest Tennessee and surrounding areas for over 40 years!

We are not only a long-term care facility, we also provide high-quality skilled care. VanAyer Healthcare is honored to have Nancy Herrera, P.T., as our therapy supervisor, along with Dawn Belote, our speech therapist, Amanda Supeck, our occupational therapist, and the rest of our great skilled caring professionals that dedicate their time and efforts to providing you the best service to get you back to your daily routine. Our therapy department also provides outpatient services. Respite care is another service provided; it is an option for families that would like to take a break or vacation from their loved one at a time when one may need to get some well deserved rest while knowing their loved one is being cared for by trained professionals in a loving environment. Our focus is to provide each patient with high quality care and rehabilitation, alongside a compassionate patient experience, that is focused on patients achieving their goals.

We provide a variety of services for our long-term residents. We meet both medical and nonmedical care needs for loved ones that can no longer care for themselves. Angela Todd, RN, our director of nursing (DON), Jayda Craig, RN our assistant director of nursing (ADON), and Ashley Speer, RN, our staffing coordinator,

work as a team to educate and train our nursing staff to be the best that they can be to meet the needs of our residents. Our dietary supervisor, Tina Thompson, and her crew work hard to cook and prepare delicious meals that are pleasing to all residents and employees' appetites.

VanAyer is a place you can call home, a family environment with dedicated, loving and caring employees that keep their main focus on providing excellent care and attention to each individual. VanAyer has a variety of activities due to the hard work of Robbie Petty, our activities coordinator. She encourages lots of activities that not only residents but employees are part of from one-on-one, group, family, employee and community activities. These are provided daily to keep residents happy, healthy and satisfied. The staff provides a team-based approach for care to assure each patient can reach their healthcare goals and enhance one's quality of life. Our social worker/ admissions coordinator Jennifer Foster and Tamara Taylor, our business office coordinator (BOC), are always ready and willing to help our families.

VanAyer Healthcare & Rehab is a care network of American Health Companies (AHC) and is located within 1 mile of Tennova Healthcare Hospital in Martin. If you or a loved one need a place to visit or a place to call home call us anytime at 731-587-3193. The staff will be more than happy to answer any questions that will make the transition as smooth as possible for you and your loved one. VanAyer strives on improving daily to provide the best care so one can "Get Well and Live Well."
