

Warriors rout Cavaliers for third title in four years

CLEVELAND (AP) — Golden State. Golden still.

Stephen Curry scored 37 points, NBA Finals MVP Kevin Durant added 20 and a triple-double and the Warriors stamped themselves a dynasty after winning their second straight title and third in four years Friday night, 108-85 over the Cleve-

land Cavaliers to complete a sweep and perhaps drive LeBron James from his home again to chase championships.

Overcoming obstacles all season long, the Warriors were not going to be denied and won the fourth straight finals matchup against Cleveland with ease.

"This is so hard to do and doing it three out of four years is incredible," guard Klay Thompson said.

It was the first sweep in

the NBA Finals since 2007, when James was dismissed by a powerful San Antonio team in his first one. His eighth straight appearance

didn't go well either, and now there's uncertainty where the superstar will play next.

James finished with 23

points and spent the final minutes on the bench, contemplating what went wrong and maybe his next move.

Cripps

Continued from page 1B

"I think a big part of being a leader is having a compassionate heart," said Cripps, who also served as WCHS yearbook editor. "My parents and Todd have definitely been excellent examples of what leaders should look like."

The workload of a senior who participates in as many activities and sports as Cripps could be daunting, but she seemed to always find time. Striking the right balance was important, even

if it meant cramming at deadlines.

"Balancing is definitely a challenge, but there's nothing like waiting until the last minute to write a paper," said Cripps.

As she plans for the future, Cripps will be taking the lead from somebody else. She plans on following in her father's footsteps, with hopes of finishing Air Force basic training before enrolling at MTSU.

It may only be a matter of time before she's a leader once again.
