Focus on your family and close friends. Evaluate who is good for you and who isn't. Make lifestyle adjustments that will ensure a happy and healthy future. Get back to basics to discover new and exciting opportunities.

LEO (July 23-Aug. 22) -- Physical improvements will make you feel good about your appearance and encourage your flirtatious charm to take the reins. Make plans with a loved one.

VIRGO (Aug. 23-Sept. 22) -- If you share your true feelings with someone close to you, progress will be made. The changes you want to see happen will be doable, and help will be provided.

LIBRA (Sept. 23-Oct. 23) -- If you pitch in and help, you will feel good about your contribution and the relationships you build with the people you work alongside. A romantic opportunity looks promising.

SCORPIO (Oct. 24-Nov. 22) -- Revisit your plans and map out how you intend to reach your objectives. An unorthodox approach that utilizes your skills will bring interesting results. Physical exercise is encouraged.

SAGITTARIUS (Nov. 23-Dec. 21) -- Don't be fooled by an emotional ploy to get you involved in something sketchy. Choose to go it alone and to put all your energy into something that will benefit you and you alone.

CAPRICORN (Dec. 22-Jan. 19) -- Settle any differences to bring about positive change. Don't be fooled by a physical gesture someone makes that is meant to manipulate you.

AQUARIUS (Jan. 20-Feb. 19) -- Look for stability in your life. Someone older or more experienced will offer insight into a situation you face. Take better care of your health and finances.

PISCES (Feb. 20-March 20) -- You can clear up an emotional situation by making the appropriate changes needed to turn things around. Life is simple if you don't complicate matters. Do what's right and best.

ARIES (March 21-April 19) -- Motivation and mental and physical efforts will encourage you to overcome any disappointment or setback. If you take positive action, good things will come your way.

TAURUS (April 20-May 20) -- Live and learn. Ask an expert for help if you find yourself procrastinating. Don't act out of desperation when intelligence is what's required to turn a negative into a positive.

GEMINI (May 21-June 20) -- Plan to have some fun. Physical activity and time spent with children, a friend or loved one will brighten your day. Personal improvement and romance are favored.

CANCER (June 21-July 22) -- Don't let a physical limitation get you down. You'll feel better if you make a couple of changes to the way you present yourself. A new look will boost your ego.

Monday, August 13, 2018

Take your time and put everything in order. Preparation will be essential if you want to reap the highest returns. Figuring out what is and isn't necessary will ensure that you also weed out toxic relationships and bad habits to make way for better days ahead. Turn the page.

LEO (July 23-Aug. 22) -- Look at what you've accomplished and what's left to do. Personal improvements, discipline and hard work will impress family and friends. Accept inevitable change and make what transpires work for you.

VIRGO (Aug. 23-Sept. 22) -- You need a break. Try something different or visit a place you've never been before. Changing things up will give you a new perspective on what's possible. Networking will lead to an opportunity.

LIBRA (Sept. 23-Oct. 23) -- Surround yourself with positive people. You need encouragement, not criticism, to help you reach your goal. Personal improvements will boost your morale. Help those who help you.

SCORPIO (Oct. 24-Nov. 22) -- Words alone cannot help you get things done. Make a move and work hard until you have taken care of business and earned the right to enjoy the fruits of your labor.

SAGITTARIUS (Nov. 23-Dec. 21) -- An emotional situation should be taken seriously. Decipher what's being implied before you respond to someone. Having your facts straight will help you avoid emotional distress. Take a pass on a joint venture.

CAPRICORN (Dec. 22-Jan. 19) -- You'll learn quickly if you attend a lecture or listen to an expert. Knowledge is power, and assessing situations and applying what you know will help you make better choices.

AQUARIUS (Jan. 20-Feb. 19) -- Handle partnership matters openly and honestly. If you or someone else has a problem, address issues head-on and prepare to make positive changes that will get things back on track.

PISCES (Feb. 20-March 20) -- Express your feelings by taking action and doing what's right. Make a difference to someone you care about by offering physical help. Don't lend or borrow cash or possessions.

ARIES (March 21-April 19) -- Say what's on your mind and honor your promises. Not everyone will agree with you, but you will gain respect for standing up for your beliefs.

TAURUS (April 20-May 20) -- Just because you want to make some changes doesn't mean that others should follow suit. Do your own thing and allow everyone the freedom to do as they please.

GEMINI (May 21-June 20) -- You have the right idea, but you may not have the support you are looking for. Expect to face emotional setbacks due to someone else's interference.

CANCER (June 21-July 22) -- Look at the possibilities and consider how to utilize your skills, improve your position and persuade others to jump on board. There is plenty to gain if you make the right move.

A change of pace will give you a different view of the past, present and future. Look inward and re-evaluate your ties to the people around you. Rid yourself of old habits and bad influences. It's time to ditch the dead weight, lighten the load and shoot for the stars.

LEO (July 23-Aug. 22) -- Keep your distance from anyone who tends to overreact or bullies you into something you don't want to do. Change begins within, so make every move count. Follow your heart, not someone else's lead.

VIRGO (Aug. 23-Sept. 22) -- Don't take no for an answer. If you put in the time, the progress you make will prompt others to pitch in and help. Celebrate to honor your hard work and accomplishment.

LIBRA (Sept. 23-Oct. 23) -- Be careful with whom you share your thoughts and feelings. Some people will support and assist you, and others will meddle in your affairs. Wise choices will ward off a dispute.

SCORPIO (Oct. 24-Nov. 22) -- Do what's best for you. Don't let anyone take over your affairs or decisions. Own what you do and bring about changes that will encourage personal gains.

SAGITTARIUS (Nov. 23-Dec. 21) -- Put your plans in motion. If you stand up for what you feel is important, you will get the necessary backing to get things up and running. Romance is on the rise.

CAPRICORN (Dec. 22-Jan. 19) -- A romantic situation or an involvement with a close friend or relative will be difficult. Aim to stabilize your life by making clear changes to the way you live.

AQUARIUS (Jan. 20-Feb. 19) -- If you look good, you'll feel good. Time spent indulging yourself, exercising, eating right and trying to be the best you can be will lift your spirits. Romance is highlighted.

PISCES (Feb. 20-March 20) -- A professional change or the way you approach your responsibilities will have a big effect. Use your ingenuity to come up with an efficient way to get things done.

ARIES (March 21-April 19) -- Think matters through with care. A steady pace and well-planned strategy will help you avoid an unexpected setback. A partnership will bring out the best in you.

TAURUS (April 20-May 20) -- Before you make a move, get all your paperwork ready. Don't leave anything to chance if you want to avoid a run-in with officials. Opportunity will knock, which makes preparation essential.

GEMINI (May 21-June 20) -- Time spent socializing or networking will pay off. Your charm and playful attitude will attract both personal and professional interest. Romance is encouraged, along with personal improvements.

CANCER (June 21-July 22) -- Broaden your interests and learn more about the people with whom you are doing business. Knowing what you are up against will make getting what you want easier.
