**Wednesday, August 22, 2018**

Put greater emphasis on who you are and how you treat others. You can be a problem or a solution when dealing with people. Do your best to move forward with kindness, appreciation and the desire to make the world a better place. How you deal with adversity matters.

LEO (July 23-Aug. 22) -- Put in extra hours if it will help you bring about change or get ahead. Contributing to society will raise your profile and encourage others to trust and support the choices you make.

VIRGO (Aug. 23-Sept. 22) -- Try something new. Make a point to do something that will make your and your family's lives better. A move or educational pursuit will pay off.

LIBRA (Sept. 23-Oct. 23) -- Head in the direction that shows the most promise. There is no point wasting your time on something or someone immovable. Make your time and effort count.

SCORPIO (Oct. 24-Nov. 22) -- A business trip or discussion that will help you bring about personal change will pay off. A change of location, position or partnership is favored.

SAGITTARIUS (Nov. 23-Dec. 21) -- Your appeal will be on the rise when it comes to work, reputation or personal status. Stand tall and discuss what you want to see happen. Be true to your beliefs.

CAPRICORN (Dec. 22-Jan. 19) -- A different approach to work or how you earn your living will improve your life. A new workspace at home or a change of pace or surroundings will make a difference moving forward.

AQUARIUS (Jan. 20-Feb. 19) -- Look at your relationships carefully. Size up who is good for you and who isn't. Back away from those trying to entice you into things you know you shouldn't be doing.

PISCES (Feb. 20-March 20) -- What you do for those who cannot do for themselves will be rewarded. A gift or investment opportunity should be handled responsibly. Excessive generosity will be your downfall.

ARIES (March 21-April 19) -- You'll face opposition if you try to stop progress. Adapting to the changes that take place around you will better position you moving forward. Don't make a fuss unnecessarily.

TAURUS (April 20-May 20) -- Your changing attitude will be confusing for others. Keep your thoughts a secret until you've made up your mind. Inconsistency will work against you.

GEMINI (May 21-June 20) -- Concentrate on your physical appearance and your home and family. Take better care of your health and aim to live a moderate and simple lifestyle. Less fuss, less muss.

CANCER (June 21-July 22) -- You'll have a better idea of what you want and how you should proceed. A relationship will take a positive turn, giving you more leeway to do things as you please.

**Thursday, August 23, 2018**

You've got the discipline, stamina and wherewithal to bring about positive change. Your ability to see what will and won't work should help you move forward without hesitation. Trust your instincts and set your expectations and goals high. It's time to believe in yourself and live the dream.

VIRGO (Aug. 23-Sept. 22) -- Participate in life. Embrace new beginnings and learn from experiences you share with people you find stimulating. You'll inspire others with your tenacity and vision.

LIBRA (Sept. 23-Oct. 23) -- Don't limit what you can do just because someone puts demands on you or because you fear failure. If you don't succeed, pick yourself up and try again. Practice makes perfect.

SCORPIO (Oct. 24-Nov. 22) -- Remain focused, precise and sensible. Keeping your head down and pushing forward with your plans will bring the results you are looking for. Don't allow anyone to intervene.

SAGITTARIUS (Nov. 23-Dec. 21) -- Refuse to let someone dictate what you can do. Trust in your own assessment of whatever situation you face, and speak on your own behalf.

CAPRICORN (Dec. 22-Jan. 19) -- Look for a unique way to use your skills to get ahead. Opportunity knocks, but it's up to you to consider what's available and the adjustments you are willing to make.

AQUARIUS (Jan. 20-Feb. 19) -- Share your feelings regarding how someone is treating you. Face the elephant in the room and don't back down or give in. Unless progress is made, you are best off walking away.

PISCES (Feb. 20-March 20) -- Know ahead of time what you are doing and don't deviate from your plans just because someone else makes a last-minute change or tries to emotionally manipulate you.

ARIES (March 21-April 19) -- Get involved in activities that will improve your health, appearance and emotional outlook. Socialize, network or make plans with someone you love. Interaction will be exhilarating.

TAURUS (April 20-May 20) -- Size up your current situation and make choices that will ease stress and lower your emotional angst. Sometimes it's best to give a little to get a little. Stubbornness won't solve anything.

GEMINI (May 21-June 20) -- Look for a physical outlet that will stimulate and challenge you. Test your agility, stamina and ability to think and do whatever it takes to reach your goal. Romance is in the stars.

CANCER (June 21-July 22) -- You can make a difference if you take part in a protest or movement. Stand up for your rights, but don't step into a perilous situation. Peace will be relevant.

LEO (July 23-Aug. 22) -- Listen carefully. Someone will color a situation to fit his or her needs. Don't feel you must be a follower. Set boundaries and do only what you feel comfortable doing.
