Turn up the volume and make some noise. Embrace life, live in the moment and make the most of each day. You are gaining momentum as you head toward greater opportunity. Partnerships, communication, travel and interacting with people from all walks of life will lead to personal growth.

**VIRGO** (Aug. 23-Sept. 22) -- Set goals and don't stop until you are satisfied with the results you get. Improvements at home or to your lifestyle are favored. Mingle and participate.

**LIBRA** (Sept. 23-Oct. 23) -- An emotional plea will be in your best interest. Trying to push or redirect someone stubborn or demanding isn't going to work. Offering an incentive will bring better results.

**SCORPIO** (Oct. 24-Nov. 22) -- Clear your head and gather facts. If you let your emotions take charge, you will end up making a mistake. Don't overspend, overdo or overindulge. Moderation and understanding will be required.

**SAGITTARIUS** (Nov. 23-Dec. 21) -- Start a discussion that will encourage getting to know more about your family history. Do some research to make sure that the information you receive is accurate. You can learn much.

**CAPRICORN** (Dec. 22-Jan. 19) -- Someone is likely to charm you into doing something you may regret. Getting involved in a matter that is excessive or indulgent will jeopardize your reputation or self-esteem.

**AQUARIUS** (Jan. 20-Feb. 19) -- Emotions will be unpredictable. Refrain from indulging in substances that could influence your ability to stay in control. Use your intelligence to navigate your way through a sticky situation.

**PISCES** (Feb. 20-March 20) -- Secrets are best kept that way. If you want to share information, make sure it isn't something that could come back to haunt you. Concentrate on personal relationships and physical improvements.

**ARIES** (March 21-April 19) -- Take pride in what you do. Getting involved in activities that require intelligence and compassion will bring out the best in you. A romantic adventure will improve your life.

**TAURUS** (April 20-May 20) -- Question anyone trying to butter you up. Compliments are wonderful, but if the result is giving in to someone taking advantage of you, it's not worth the ego boost.

**GEMINI** (May 21-June 20) -- Getting together with peers, friends or relatives is encouraged. Spending time with someone you love to hang out with will lead to plans that give you something to look forward to.

**CANCER** (June 21-July 22) -- Don't push yourself physically. A steady pace will get you to your destination without a mishap. A break from your routine will be enlightening.

**LEO** (July 23-Aug. 22) -- Let others do as they please. It's OK to take a pass or do your own thing. Taking care of your physical needs or personal agenda should be a priority.

**Saturday, August 25, 2018**

You'll thrive on being different and using your skills and knowhow to get ahead. A change in the way or where you live will open up all sorts of opportunities. Reconnecting with old friends will promote partnerships and be eye-opening. An old dream can be revived.

**VIRGO** (Aug. 23-Sept. 22) -- Settle any difference and keep moving forward. Someone unique will offer you an interesting perspective on your life and the improvements you can make. Don't sit idle when so much can be accomplished.

**LIBRA** (Sept. 23-Oct. 23) -- Taking care of matters concerning children, a friend or a loved one will make you feel better about your life and relationships. Make personal agreements that encourage greater equality.

**SCORPIO** (Oct. 24-Nov. 22) -- Take money matters seriously. Look for new ways to save or to put your money to good use. Don't let emotional issues take the reins or turn into an expensive lesson.

**SAGITTARIUS** (Nov. 23-Dec. 21) -- Consider all angles of a situation and communicate openly and honestly about what you'd like to see happen. Get a second opinion if you don't trust the information someone is offering.

**CAPRICORN** (Dec. 22-Jan. 19) -- Stick close to home and make the changes to your lifestyle that will make you feel more at ease. Someone or something from your past will help you move forward now.

**AQUARIUS** (Jan. 20-Feb. 19) -- Keep your plans low-key until you have secured your position and you know what the outcome will be. Leave nothing to chance and you'll have no regrets.

**PISCES** (Feb. 20-March 20) -- Feel out situations intuitively before you get involved. Joint ventures should be weighed heavily before you invest your money. A false impression can lead to loss.

**ARIES** (March 21-April 19) -- You can have fun and still be practical. Gauging what's acceptable financially, physically and emotionally will help you set a healthy and productive path. Success comes with foresight.

**TAURUS** (April 20-May 20) -- A change of plans will be to your benefit. You are better off going about your business and getting things done than engaging in an argument.

**GEMINI** (May 21-June 20) -- Personal improvements can be made. A day at the spa, spending time with a loved one or shopping for something that will enhance your looks are all favored.

**CANCER** (June 21-July 22) -- Take time to do something creative. Pursuing a hobby or developing a skill or activity you enjoy doing can turn into a part-time moneymaker. Explore new possibilities and see where they take you.

**LEO** (July 23-Aug. 22) -- Don't worry about what others do. Choose the path of least resistance. Doing things on your own will help you stick to a set budget and limit interference and discord.
