HOROSCOPES

Astrograph by Eugenia Last

Work on your relationships and bringing about positive change to your personal life. Making a move, getting into meditation, traveling to places you've never been before and restructuring your life to suit your current needs are all strong possibilities. Be open to suggestions and trying new things to gain personal satisfaction.

VIRGO (Aug. 23-Sept. 22) -- A day spent with friends and relatives will turn out to be informative. Finding out more about your lineage or cultural background will spark new ideas for future endeavors.

LIBRA (Sept. 23-Oct. 23) -- Taking care of your personal responsibilities will help ward off an argument with someone eager to complain. Get your chores out of the way before you head out with friends.

SCORPIO (Oct. 24-Nov. 22) -- Make changes at home that will add to your comfort. Don't worry about what others think or say, it's you who must be happy with the environment you live in.

SAGITTARIUS (Nov. 23-Dec. 21) -- Emotional manipulation will not help matters. Whether it's you or someone else who is the culprit, being honest about the way you feel will be necessary if you are going to get along.

CAPRICORN (Dec. 22-Jan. 19) -- Time is money, and getting things done should be your top priority. If you wheel and deal and make lifestyle changes, you will enrich your existence.

AQUARIUS (Jan. 20-Feb. 19) -- It's all about you, your relationships and what makes you happy, so don't give in to temptation or let someone who is out of control dictate how you live your life.

PISCES (Feb. 20-March 20) -- Emotions will surface and should be handled appropriately. A moneymaking opportunity will develop if you get together with an old friend or former colleague.

ARIES (March 21-April 19) -- Don't share personal information regarding your assets, debts or passwords. Take better care of your health and nurture relationships that are currently difficult. Communication will help clear up a misunderstanding.

TAURUS (April 20-May 20) -- Size up your relationships and decide the best course of action. Walk away from temptation and stick with the people offering greater stability and security. Make wise choices.

GEMINI (May 21-June 20) -- If you are too trusting, someone will take advantage of you. Emotional blackmail will be used to convince you to put someone else ahead of your best interests. Know when to say no.

CANCER (June 21-July 22) -- Concentrate on what you know you can do. Expanding your skills and building closer relationships with people who share your passion will encourage personal growth and greater alliances.

LEO (July 23-Aug. 22) -- Don't let a last-minute change of plans disrupt your day. Focus on personal improvements instead of trying to convince others to do things your way. Happiness lies within.

Take pride in what you do, and set an example. The world is your oyster if you put in the effort. Positive change will bring benefits that far exceed your expectations. Home and personal improvements will encourage you to live life to its fullest.

VIRGO (Aug. 23-Sept. 22) -- Network, make financial and contractual changes and follow your dreams. Taking on a new role or position will expand your mind as well as your qualifications.

LIBRA (Sept. 23-Oct. 23) -- Look for a way to bring tranquility and peace of mind to your personal life. Make it clear that you expect equality. Bring about change instead of enduring unfairness.

SCORPIO (Oct. 24-Nov. 22) -- Listen, but don't overreact. Assess situations carefully and formulate the best way to respond to what transpires. Greater opportunities will develop if you exhibit professionalism. Make your actions count.

SAGITTARIUS (Nov. 23-Dec. 21) -- You'll face interference if you are too open about your plans. Share with people you can trust to work with you instead of against you. Choose your words wisely.

CAPRICORN (Dec. 22-Jan. 19) -- Someone will make you an unusual offer that touches you emotionally. Getting together with old friends or co-workers will spark an idea that can turn into a moneymaking venture.

AQUARIUS (Jan. 20-Feb. 19) -- Think big, but take baby steps. It's fun to dream, but don't go into debt if it isn't necessary. Take time to assess your personal finances and health. Romance is highlighted.

PISCES (Feb. 20-March 20) -- Emotions will surface and bring out all sorts of feelings about past relationships. Address situations head-on, keeping in mind what's happened in the past. You can make amends if honesty prevails.

ARIES (March 21-April 19) -- Keep your personal secrets locked up. Don't give anyone information that can jeopardize your career, position or reputation. Focus on self-improvement and important relationships. Make positive and progressive changes at work.

TAURUS (April 20-May 20) -- If you want something, go after it. Physically do what's necessary to advance. Success comes with a price. Come up with a solid plan and follow through.

GEMINI (May 21-June 20) -- Personal gains should be your goal. Fixing up your space or updating your appearance will give you a boost that will motivate you to take on greater tasks.

CANCER (June 21-July 22) -- A unique offer will come your way. Consider the changes you must make to take advantage of a situation. Don't hesitate when you should be moving forward.

LEO (July 23-Aug. 22) -- Exaggeration will lead to trouble. Don't promise something you cannot deliver. Taking physical action and following through on your plans will show others that you mean business. Personal improvements and romance are favored.

Tuesday, August 28, 2018

It's up to you to bring about change. If you sit back and wait for someone else to pick up the slack, you will not reach your full potential. Make this a year to remember and do things that will improve and stabilize your home environment.

VIRGO (Aug. 23-Sept. 22) -- Don't give up on your dreams. Talk to experts to find out what you need to do to boost your efforts. Improve your skills, knowledge and qualifications.

LIBRA (Sept. 23-Oct. 23) -- Speak kindly and be considerate of those under pressure. Dismiss negativity and offer a positive and uplifting message to improve the dynamics of important relationships.

SCORPIO (Oct. 24-Nov. 22) -- Be more diverse in how you do things. There is always a cheaper and more efficient way to bring about change. Choose moderation and simplicity in all your pursuits.

SAGITTARIUS (Nov. 23-Dec. 21) -- Pay more attention to what's going on at home. Communication will help you understand what loved ones expect and what they are willing to give you in return. Romance is on the rise.

CAPRICORN (Dec. 22-Jan. 19) -- Don't make excuses. If something needs to be done, get busy and put it behind you. Keeping up with your responsibilities will help clear the way for more pleasurable moments with loved ones.

AQUARIUS (Jan. 20-Feb. 19) -- It's up to you to bring about the changes you want to make. Check your finances and budget wisely. Discuss your plans with your partner or anyone affected by the choices you make.

PISCES (Feb. 20-March 20) -- Connect with people you have worked with in the past, or start a joint venture with someone who complements you and the skills you have to offer.

ARIES (March 21-April 19) -- Take a moment to consider how you will influence others with your words or actions. Don't let your emotions take charge when it comes to matters that can affect your status or reputation.

TAURUS (April 20-May 20) -- A chance to improve your life is heading your way. Don't dismiss someone or something due to fear of failure. Give it your all and don't look back.

GEMINI (May 21-June 20) -- Think, plan and follow through. Helping others will bring unexpected benefits. A personal pick-me-up will lead to compliments and a social invitation.

CANCER (June 21-July 22) -- Hone your skills. Pursue something that encourages you to invest more time and money to get ahead. Consider your skills and attributes and use them strategically.

LEO (July 23-Aug. 22) -- You'll be tempted to make a change that hasn't been thought through. Don't take on what you cannot finish. Bide your time and focus on personal improvements.
