Learn as you go and don't be afraid to make a mistake. Observe what others are doing to get some ideas for your own life. Focus on positive change, personal gains and improving your environment. If you are happy in your surroundings, you'll feel good.

VIRGO (Aug. 23-Sept. 22) -- Take the initiative instead of waiting for someone to force you to do something. Being in control will keep you focused on what you want to accomplish, instead of on what someone else wants.

LIBRA (Sept. 23-Oct. 23) -- A physical change may not be what you want, but working with what you have and dealing with situations as they arise will help you maintain control.

SCORPIO (Oct. 24-Nov. 22) -- How you deal with others should be based on experience. The best changes are the ones that come naturally and encourage greater stability. Don't let emotions lead you astray.

SAGITTARIUS (Nov. 23-Dec. 21) -- How you earn your living or maintain your lifestyle will be dependent on your ability to handle your cash. Being too generous will stand between you and financial security.

CAPRICORN (Dec. 22-Jan. 19) -- You've got the right idea and the wherewithal to bring about the changes you want to see happen. Don't wait for someone else to beat you at your own game.

AQUARIUS (Jan. 20-Feb. 19) -- You don't have to do what everyone else does. Do what's best for you. A little me time will do you good and help you make wiser choices moving forward.

PISCES (Feb. 20-March 20) -- Participate in events that you feel strongly about, but don't donate too much time or money to someone or something unworthy of your assistance. Choose your causes carefully.

ARIES (March 21-April 19) -- A change in a partnership will also affect your financial situation. Downsize to ensure that you aren't living beyond your means. A change of heart is apparent.

TAURUS (April 20-May 20) -- Don't miss out on an opportunity because of pride, ego or someone else's lack of resolve. If you follow your heart and intuition, you will do just fine.

GEMINI (May 21-June 20) -- Take a moment to go over the changes happening around you. Get the lowdown from a legitimate source and sit tight until you feel comfortable making a move.

CANCER (June 21-July 22) -- Be more adventurous and explore what's available. Social events will lead to a chance meeting with someone who can offer you something unique. Romance and personal improvements should be priorities.

LEO (July 23-Aug. 22) -- Don't be daunted by someone's last-minute decision. Wait until you feel comfortable before making a move that could affect your reputation. Avoid getting into a debate that could make you look bad.

It's your turn to flourish. Set your goals high and bring about the changes that will encourage success, happiness and longevity. Taking good care of your health, wealth and personal desires, and letting go of past regrets, losses and emotional baggage should be your main concerns.

VIRGO (Aug. 23-Sept. 22) -- Keep a lid on your feelings until you've figured out exactly what you are trying to achieve. You are likely to say something you'll regret if someone makes you angry.

LIBRA (Sept. 23-Oct. 23) -- Keep busy around the house. Stay on top of your domestic responsibilities and don't make waves. Focus on personal goals and clearing the way for new beginnings.

SCORPIO (Oct. 24-Nov. 22) -- Show someone how much you care. Offer physical help, but don't promise to do the impossible. A change in the way you feel about someone is best dealt with openly and honestly.

SAGITTARIUS (Nov. 23-Dec. 21) -- Avoid an emotional confrontation with a friend, relative or someone who can affect your status or financial future. Stick close to home and get rid of physical and emotional clutter.

CAPRICORN (Dec. 22-Jan. 19) -- A change will do you good. Discuss your plans and turn an outing or family day into an adventure. Love and romance are in the stars.

AQUARIUS (Jan. 20-Feb. 19) -- A partnership will be on shaky ground if you cannot come to terms with the changes taking place. Moderation will keep you out of trouble. Walk away from temptation.

PISCES (Feb. 20-March 20) -- Don't try to take on the world. Look at all sides of a situation and be sensitive to how others feel. Making a wise choice will benefit everyone.

ARIES (March 21-April 19) -- Find a way to increase your income or reduce your overhead. Don't be fooled by fine print or contracts that are difficult to understand. Get expert advice before you make a commitment.

TAURUS (April 20-May 20) -- Walk away from adversity. Plan to enjoy your day instead of spending it with someone who has a bad attitude. A change will do you good. Focus on self-improvement.

GEMINI (May 21-June 20) -- Someone will try to get away with something or talk behind your back. Emotional manipulation will point you in the wrong direction. Listen to facts, not to fabrications.

CANCER (June 21-July 22) -- If you look for the best way to employ your talents, knowledge and expertise, you'll be able to bring about positive change. Alterations at home will enrich your personal life.

LEO (July 23-Aug. 22) -- Think before you act. Bad blood or a dust-up will leave you in limbo regarding what needs to be accomplished. Check your ego and emotions at the door if you're socializing with opinionated people.
