HOROSCOPES

Take care of your responsibilities. If you let someone else handle your affairs, you will regret it. Don't feel that you aren't capable or let someone lead you to believe you shouldn't speak on your own behalf. If you're aggressive, you'll make overcome whatever challenge you face.

VIRGO (Aug. 23-Sept. 22) -- Socialize to gather valuable information. Someone's weakness will give you an opportunity. Be forthright to avoid any repercussions.

LIBRA (Sept. 23-Oct. 23) -- Before you make a move or speak up about your feelings, you should mull over what you really want. Don't limit what you can do just because someone opposes you.

SCORPIO (Oct. 24-Nov. 22) -- Think before you take a leap of faith. An unexpected change shouldn't set you off; it should be considered a warning.

SAGITTARIUS (Nov. 23-Dec. 21) -- Don't share too much information. Someone is waiting to take advantage of your trusting nature. Listen more and reveal less to avoid being misconstrued. Stick close to home.

CAPRICORN (Dec. 22-Jan. 19) -- Home improvement projects should be started. If you do the work yourself, you'll be satisfied with the results. Working with someone you love will lead to a better future.

AQUARIUS (Jan. 20-Feb. 19) -- Don't take a chance. Overdoing it in any way will be your downfall. Caution, moderation and a carefully considered plan are in your best interest.

PISCES (Feb. 20-March 20) -- An emotional situation can be worked out if you compromise. Take care of your health and don't take risks that could disrupt your ability to succeed. Caution will be required.

ARIES (March 21-April 19) -- Don't be fooled by someone withholding information. Do your own research and don't rely on anyone else to take care of your responsibilities. Listen carefully to avoid making a mistake.

TAURUS (April 20-May 20) -- Spend time with friends or relatives. Love, romance and socializing should be on your agenda. The information you discover will push you to make a positive lifestyle adjustment. Romance is on the rise.

GEMINI (May 21-June 20) -- Follow your own path. Put your energy into what's important. Taking a day trip or attending a retreat will make you more aware of changes that could improve your life.

CANCER (June 21-July 22) -- Interaction will spark new ideas. The people you encounter or spend time with will inspire you to try something different. Changes at home or to your lifestyle will promote new beginnings.

LEO (July 23-Aug. 22) -- Trust in yourself and your abilities. If you let someone meddle in your affairs, you will be led astray. Children or a loved one will cause confusion or withhold important information.

Monday, September 17, 2018

It's time to make a few changes in your life. Focus on things that will make you happy, content and eager to put your skills and knowledge to use. The results you get will make you feel secure and give you the chance to live in the moment.

VIRGO (Aug. 23-Sept. 22) -- Take care of your responsibilities quickly so you can enjoy your day. Put more energy and thought into how you handle your finances and treat those you love.

LIBRA (Sept. 23-Oct. 23) -- Avoid trouble by keeping busy and living up to your promises. Focus on self-improvement and what you can accomplish yourself instead of trying to change others. Mixed emotions will lead to change.

SCORPIO (Oct. 24-Nov. 22) -- Keep your life simple. Don't take on something unrealistic that could lead to ill health or injury. Love who you are and concentrate on being your best.

SAGITTARIUS (Nov. 23-Dec. 21) -- Don't believe everything you hear. Consider the source of any information you receive. A scam or inaccurate instructions will turn out to be quite costly. It's OK to decline.

CAPRICORN (Dec. 22-Jan. 19) -- Trust in yourself and make decisions based on experience. You will gain support if you make changes that will improve your environment at home or work. Romance is encouraged.

AQUARIUS (Jan. 20-Feb. 19) -- Alter your life for the right reason, not because someone else is making a change. Don't complicate matters by trying to be someone or something you're not.

PISCES (Feb. 20-March 20) -- Size up your situation and take the initiative to improve your life. You have everything to gain by trusting and believing in yourself and your attributes.

ARIES (March 21-April 19) -- Not everyone will see things your way. You'll get the most out of doing your own thing. Don't let others stand in your way or take advantage of you.

TAURUS (April 20-May 20) -- You'll be tempted to make a change, but before you do, figure out the best way to move forward. Haste makes waste, and preparation and attention to detail will ensure that you reach your goal.

GEMINI (May 21-June 20) -- An energetic approach to learning, and executing your plans with thought, integrity and caution will help you interest others in your dreams and plans.

CANCER (June 21-July 22) -- It's OK to do things differently. In fact, you will draw positive attention that will boost your reputation and expand your circle of friends. Romance is on the rise.

LEO (July 23-Aug. 22) -- Not all change is good. Think before you launch something that could work against you. Don't let emotions be your guide when logic and practicality are what's required.

Tuesday, September 18, 2018

Changes must be made for the right reason. Take your time and consider all the angles of anything you want to pursue. Have enough confidence in yourself to do things on your own. Joint ventures will not turn out the way you want. Trust your judgment, not someone else's.

VIRGO (Aug. 23-Sept. 22) -- Home improvements should help lower your expenses and make life more convenient. Updates should be geared toward efficiency. A personal gain is heading your way.

LIBRA (Sept. 23-Oct. 23) -- Take what others do or say seriously, but don't overreact to compensate for something you have no control over. Try not to get caught up in someone else's gossip, meddling and mistakes.

SCORPIO (Oct. 24-Nov. 22) -- Take better care of yourself physically. Avoid unnecessary risks. Discipline, exercise and good eating habits will bring the best results. A personal relationship will enhance your life.

SAGITTARIUS (Nov. 23-Dec. 21) -- Put your thoughts and time into low-overhead moneymaking ventures that will make your life easier. Enforcing a routine will help you avoid getting sidetracked by interference.

CAPRICORN (Dec. 22-Jan. 19) -- Explain your emotional position to someone you want to help. Making an adjustment will encourage others to do so as well. Love will bring better results than force.

AQUARIUS (Jan. 20-Feb. 19) -- Look inward and question any of your habits that are taking up too much of your time or eating away at your funds. A minimalist attitude will help you get back on track.

PISCES (Feb. 20-March 20) -- Take the lead and keep moving forward until you are far ahead. How you manage your money and negotiate personal business will make a difference.

ARIES (March 21-April 19) -- You'll be better off maintaining your position rather than taking chances that could disrupt your life. Stick to what you know and do best.

TAURUS (April 20-May 20) -- Live, learn and let go. Take a step forward and reach out to positive people who will help you advance. Put anger aside and strive for personal perfection.

GEMINI (May 21-June 20) -- Be careful while traveling and dealing with institutions or hospitals. Ask questions and get the lowdown before you agree to anything that has a risk factor. Protect your reputation.

CANCER (June 21-July 22) -- Be creative in how you run your household or deal with professional responsibilities. A partnership will have its advantages, as long as both parties think innovatively.

LEO (July 23-Aug. 22) -- You may be fired up by the changes going on around you, but fighting a losing battle will just deplete your energy. Pay more attention to what you can do, not to what you cannot.

Deadly confrontation

Continued from page 1A

The incident began Friday afternoon when deputies were in pursuit of a stolen vehicle. Webb was identified as the driver.

The TBI says agents continue to gather information, conduct interviews, and accumulate evidence in connection to this active case.

Throughout the process, the TBI says it will submit findings to Zavogiannis for her review and consideration.

Law enforcement officials did not elaborate on what may have transpired at the scene to cause Webb's death. District Attorney General Lisa Zavogiannis said autopsy results will need to determine cause of death.

Sheriff Tommy Myers said, "It's an awful situation for both sides. I know our officer is very distraught over the whole thing. It's very sad."
