

CASI POWELL CANTRELL

Raised in Warren County, I graduated from WCHS in 2003. While in high school, I worked at Prater's BBQ. I'm currently employed at the Law Offices of Galligan & Newman where I have worked my way up from receptionist to legal secretary to office manager. While in the legal field, I have drafted and filed pleadings in all types of cases in Clerk's Offices across the state of Tennessee. As the office manager, I am directly involved with our IT infrastructure such as computer software & networking, telephone systems and credit card systems. I also manage payroll, employee relations, billing, and finances. I am dependable, trustworthy, experienced in managing a successful fast-paced office, and my 13 years of experience working directly with the Clerk's office prove I am your best choice for Circuit Court Clerk.

I plan to bring my experience to the Clerk's office to better serve the people of the County by implementing the use of email, accepting credit card payments, utilizing a website for documents and payments as well as continue having a friendly and well-trained staff. I ask for your vote and support.

2018
