

Meet the Viking Coaching Staff

Anthony Ballard

Darren Stevens

Harold Miller

Brian Cole

John Ragan

Grant Brittain

Vikes, Jr. Vikes establish new coaching philosophy

BY AMBER ADAMS

This fall Viking fans will notice a similar feature of both the Vikings' and Jr. Vikings' football teams. The coaching staff will be the same for both teams. The Jr. high coaching staff will have Coach Darren Stevens as head coach. Coach Harold Miller and Coach Anthony Ballard will serve as assistant coaches.

On the high school coaching staff, Coach Ballard

will lead the Vikings as head coach, assisted by Miller, Stevens and Coach John Ragan.

"We're looking forward to this philosophy of coaching," stated Miller. "These young men will come to know us very well, as well as the program. They will know what is expected of them, and we also will be able to support them more in technique and skill building through their years with us."

Coach Ballard emphasized how building the

program this way is a step in the right direction for the future of Humboldt Jr./Sr. High School football.

"We want to start molding and developing these young men's character, skills and techniques early on," Ballard noted. "With this philosophy we cannot only do all of this, we can provide them with stability and cohesiveness through their schooling careers. I am thrilled to see the results of this set up and I think the community will be as well."
