

CHICKASAW:

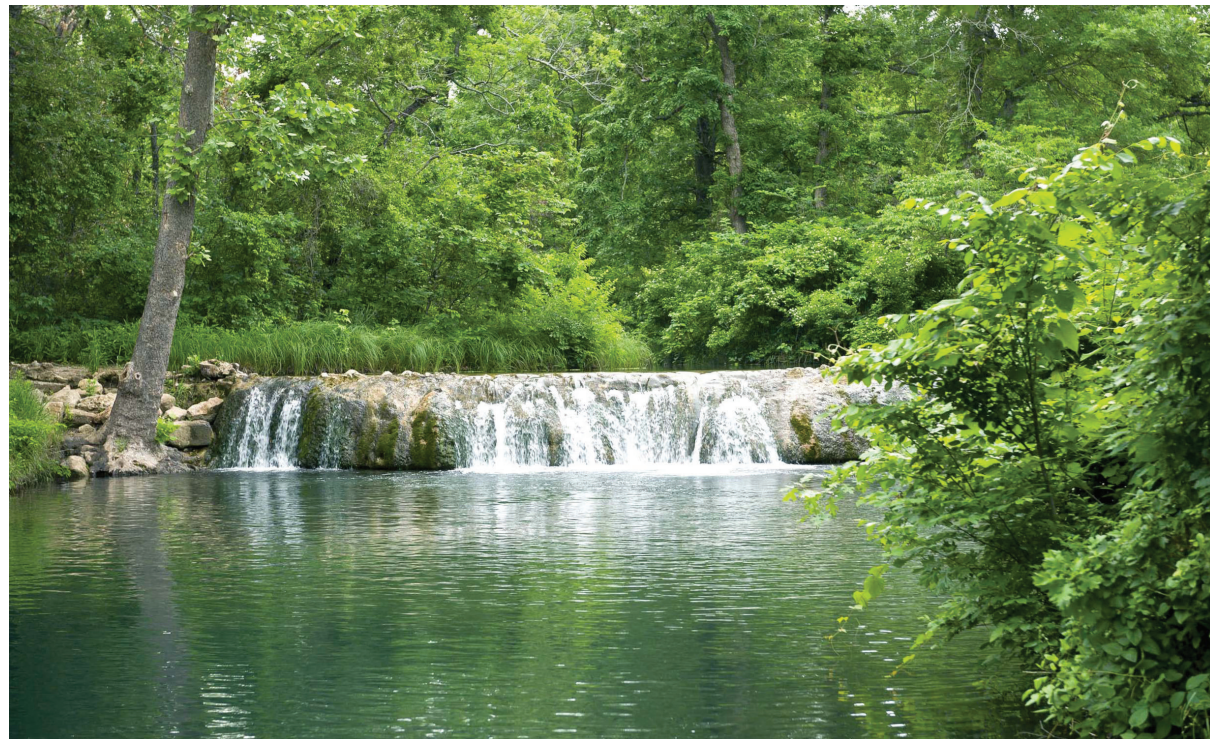

From Page 18

Oklahoma's largest waterfall which stands 77 feet tall. Turner Falls Park also includes natural caves, novelty shops, picnic sites, cabins, camp sites, recreational vehicle sites, hiking trails and sandy beaches to explore.

Chickasaw Country is also home to several museums that immerse visitors in the area's history. Visitors to the Chisholm Trail Heritage Center located in Duncan, Oklahoma will find an interactive experience for all ages and interests. Visitors can explore the 'lay of

the land' by one of the friendly professional tour guides. Activities include tossing a rope around a Longhorn steer; riding a bucking bronco; creating ranch brands or sitting near the campfire and listening to Jesse Chisholm as he offers advice to a young cowboy on his first cattle drive. The center also features a 4D multi-sensory Experience Theater where films are showcased that make visitors feel as if they are on the trail.

Visit www.chickasawcountry.com to plan a trip to Chickasaw Country.

-Provided

The Chickasaw National Recreation Area is home to a mineral spring that produces a mixture of fresh and saline water.

EVERYONE IS WELCOME.

Help is available for loved ones while you attend any of these sessions. You are not in this journey alone.
