City leaders are hoping to revamp the course in the coming years as part of a larger proposed general obligation bond issue. The plan includes upgrades to the irrigation system, tee boxes, greens, fairways and bunkers, practice range as well as new maintenance equipment. In addition to traditional golf, Hidden Creek offers a nine-hole footgolf course. Footgolf is a combination of both soccer and golf. The game is played with a regulation No. 5 soccer ball at a golf facility with the holes shortened and a 21-inch diameter cup. The object of the game is to hit the soccer ball into the cups with the fewest kicks possible. The game follows the same basic rules of traditional golf.
