

Welcome to the 2018 Hancock County Fair

The Hancock County Fair continues to be one of the most progressive fairs in the state of Kentucky.

The 2017 Hancock County Fair was awarded Runner-up Zone 1 Division A by the Kentucky Department of Agriculture and was named an "All Kentucky Fair" by the Kentucky Association of Fairs and Shows. We are proud to be included in the top fairs in Kentucky.

We appreciate all the support from our county residents and the surrounding area. This would not be possible without your help.

As I write this on the first of June, our hope is to have our new Agriculture Building mostly completed this year. We are currently working on the panels on the inside and are proud to have the electric completed along with other items.

We are glad our 4-H entries are growing and hope that you can continue to support the fair with your exhibits and attendance.

Thank you again for your support and welcome to the 2018 Hancock County Fair!
