

All Aboard for a Safe School Year

Parents, review these important tips with your children before the first day of school to help keep them safe all year!

- Know your phone number, address and how to get in touch with your parents at work. Also learn how to get in touch with another trusted adult and how to dial 911.
- Never accept a ride from someone you don't know.
- When waiting for the bus, stand away from the curb on the sidewalk, and make sure the bus comes to a complete stop before walking toward it.
- When riding the bus, stay in your seat until the bus comes to a complete stop, and never put your head, arms or hands out the window.
- When exiting the bus, use the handrail, and walk at least five giant steps ahead of the bus where the driver can see you if you need to cross in front of it.
- When crossing streets, always cross at an intersection or with a crossing guard, and never cross between parked cars.
- If riding your bike to school, always wear a helmet and ride on the right side of the road with traffic.
- Always pay attention when you are walking, and never walk while texting, talking on the phone or wearing headphones.
- Use both straps when carrying your backpack, and only carry what you need to keep it from becoming too heavy.
- Tell a teacher, parent or trusted adult if you are being bullied at school or if you see another student being bullied.

Wishing all local students a safe, happy and successful school year!
