Defining hardscape and how to use it

Curb appeal is beneficial in various ways. It can make a home more attractive to prospective buyers and give existing homeowners a place they want to come home to. In its study of the worth of outdoor remodeling projects, the National Association of Realtors found standard lawn care and overall landscape upgrades were most appealing to buyers, as well as the most likely to add value to a home.

Although plants, grass and other items can improve curb appeal, homeowners should not overlook hardscaping.

Hardscaping is an industry term

that refers to the non-living features of a landscape. These features can include everything from decks to walkways to ornamental boulders. Introducing paths or paver walls to

(Continued on page 11)

Hardscaping refers to the elements in a landscape that aren't living, such as paths, walls and fences.
