 Public Notice Start Date: April 26, 2018

MDEQ Contact: Mr. Jaricus Whitlock
 Emerald Transformer Mississippi LLC,

(i.e. "Emerald"), located at 491 Bowling Green Road, in Lexington, MS, (662) 824-3033 has applied to the Mississippi Department of Environmental Quality for the following permitting action: Receive a Permit to Construct. A construction application was originally received on November 2, 2017, but a revised application was received on December 11, 2017. Emerald seeks to construct air emissions sources including paint booths, bake-out ovens, a sawing / sanding area, space heaters, and above-ground storage tanks. The applicant's operations fall within SIC Code 7629. A Statement of Basis has been prepared that contains a discussion of the decision-making that went into the development of the permit and provides the permitting authority, the public, and other government bodies a record of the technical issues surrounding issuance of the permit. The Statement of Basis also addresses any changes to emissions and/or discharges resulting from any modification of the facility.

Emerald is a new proposed facility that plans to primarily perform repair operations on pole-mounted transformers and pad-mounted transformers. Additionally, decommissioning operations on the aforementioned transformers will performed but as a secondary action. The potential maximum emissions from Emerald do not trigger Title V thresholds.

The staff of the Permit Board has developed this draft permit based on information submitted to the Permit Board by the applicant, appropriate State and Federal agencies and other interested parties. The staff of the Permit Board is soliciting all relative information pertaining to the proposed activity, including public comment, to ensure that the final staff recommendation on the draft permit complies with all State and Federal regulations. Public review and comment on the draft permit and supporting documentation is an important element in the staff evaluation and resulting recommendation to the Permit Board. The draft permit conditions have been developed to ensure compliance with all State and Federal regulations but are subject to change based on information received as a result of public participation.

Alligator hunting season and permit process approved

On April 18, the Commission on Wildlife, Fisheries, and Parks approved rule changes for the 2018 alligator hunting season on public waters and private lands in Mississippi. The statewide public waters season will offer 930 permits within 7 hunting zones across the state for the 10-day season, August 31 – September 10, 2018. The process for issuing permits will remain the same as in 2017, a electronic application process followed by a random drawing of applicants. Applications will be accepted from June 1-7, 2018 via the MDWFP web site. The first drawing will take place on or about June 13.

A private lands alligator hunting season is available to landowners whose properties meet specific qualifications within 34 open counties. Grenada County has been added for the private lands season for 2018. Applications and instructions for private lands permits are available online. Applications with all required documents are accepted by mail to the Jackson Central Office beginning May 1 and must be submitted by July 1.
