*I've been reading about Sister Margaret and Sister Paula's trial. My heart is still sad because I am remembering what happened on August 25, 2016. My heart and prayers goes out to their families. I couldn't imagine what their families went through in the court room and reliving that day. I don't understand how he could take two beautiful women, God's angels, from us. How could he do that to us poor people in Holmes County. Sister Margaret made me feel like I was the only person she saw when I went to Lexington Medical Clinic. I went to the courthouse in to see they have not repaired the hole in the building. It has been a while since someone crashed into that side of the chancery clerk's office. I don't know who is in charge of the upkeep of this historic building but, in my opinion, they are letting it go down. I see lots of old buildings burnt up and not fixed up. I do see some good things going on in Durant. I would like to see more cleaned up areas in and around our neighborhoods. Show you pride Holmes County.

This person took to Facebook talking about Durant's ragged streets. I don't understand why these streets are not repaved. My opinion, the city should stop patching and start paving. It's been years and years and years since Durant streets have been paved. Also, it used to be a law if you took down a stop

sign or go into others' mailboxes. That is what's happening in my neighborhood.
