Retirement or debt?

The rest of the plan goes like this. Baby Step 5 is putting money into your kids’ college funds, if you have kids, while Baby Step 6 is putting everything you can scrape together towards paying off the house early. After that comes the real fun. Baby Step 7 is the point where you build wealth and give like crazy.

It may take a little time in some cases, but following these steps will lead you to financial peace!

The key is serving

Dear Dave,

I just accepted my first job in sales. In your mind, what is the key to becoming an excellent salesperson?

Bobbie

Dear Bobbie,

The key to becoming a great salesperson can be summed up in one simple word—serving. I’m not talking about being subservient. I’m talking about always giving 110 percent towards ensuring customers and potential customers are served well. It’s all about being proactive.

Serving means you believe in what you represent, and you’re excited about what you have to offer. It means you’re determined to give people a great experience. If an issue happens to arise, you’ll take care of it quickly and completely. You’ll do this in a way that will make them forget it ever happened.

Really, serving is an attitude. You can pressure people if you want, but that’s going to lead to a dull and frustrating life of one-shot deals. But if you serve people well, you’ll have clients for life and they’ll send their friends and associates your way.

Make helping people your first order of business, Bobbie. If you do that, you’ll never have to worry about money!

—Dave
