

Love where you play in Fort Atkinson

Submitted by the Fort Atkinson Area Chamber of Commerce

Cycle the Glacial River Bike Trail and enjoy the series of bronze sculptures that accentuate the converted rail bed.

Stroll along the riverwalk in the downtown district with access to quaint shops and restaurants.

For family fun, head over to the Family Aquatic Center, which features 175 feet of water slides, two pools, fountains and

wet-sand playgrounds for children of all ages. The aquatic center, lighted tennis, basketball and sand volleyball courts, archery range, disc golf course, and a shelter for barbecues and family reunions are all located at Rock River Park.

Nestled against the shores of Lake Koshkonong is the historic Koshkonong Mounds

Country Club. Known for its rolling hills and mature trees, golfers can enjoy lake views and a challenging 18-hole course, situated near native effigy mounds.

Skydiving, miniature golf, bowling, hiking, skiing and skating are additional family-friendly activities available to adventurers and explorers of all levels.
