

Fair Food Is Much More Than Just Fair

There's an old county fair legend that corn dogs and hot dogs bestow magical powers on those who consume them.

Whether that's true or not—and it's probably not, you can still find magic in

those marvelous midway delights.

A side benefit of eating fair food is that you can rack up steps on your Fitbit while you're eating!

No matter what the

craving, the fair offers a way to satisfy even the most unique taste buds. Corn dogs, funnel cakes, corn on the cob, hot dogs, fried bread, caramel corn and apples and many more delectable edibles are gathered together for fairgoers to indulge the tastes they can't get any other time of the year.

Doug Hansen's concession stands offer a variety of meals and snacks. Pork chop sandwiches, hamburgers, caramel apples and the perennial favorite cotton candy are all available for hungry fairgoers.

Food stands from area organizations, including the Clay County 4-H Food

Stand, Barnesville FFA, St. John's Lutheran Church, Our Savior's Lutheran Church youth, St. James UCC youth and the Barnesville Boy Scouts also offer food choices to satisfy hunger pangs.

The fair only comes once a year, indulge yourself with food, fabulous fair food.
